Moorpark College nursing students have participated in 5 flu immunization clinics thus far this semester. The vaccinations have been for the seasonal flu and for the H1N1 influenza. The collaboration has been with the Ventura County Public Health Department, Simi Valley Hospital, Los Robles Hospital, Volunteers 4 You!, and the Moorpark College Student Health Center.

To date, the nursing students have administered 1,300 vaccinations to the community and collectively volunteered for 196 hours!
