Want to work on campus?

CalWORKs Work-Study program subsidizes student employment while providing CalWORKs students with valuable work experience.

The CalWORKs Work-Study program provides the following services:

- Supports student employment through subsidizing the On-Campus employers a portion of student wages. The CalWORKs program is able to reimburse employers up to 50-75% of a student’s wages.
- Participation in the CalWORKs Work-Study program allows students to keep 100% of their cash grant.
- Provides students with opportunity to complete activity hours.
- Provides CalWORKs students with work experience that will build their job skills

The California Community College Board of Governors has unanimously approved changes that will establish system-wide enrollment priorities. **New students** must complete orientation, assessment and educational plan. Continuing **Active-duty military and veterans, current and former foster youth, CalWORKs, EOPS, and ACCESS** students will continue to have first priority for registration as long as they meet the criteria listed below. Current & former foster youth who are continuing students are exempt from the academic standing criteria.

- Students must be in good academic standing
- Have not exceeded 90 degree-applicable units

**If you are at risk for losing your priority registration:**
- Students on probation should seek help to improve their academic standing.
- Students nearing 90 degree-applicable units should carefully plan their remaining courses.
- Continuing students who have lost their registration priority may appeal to have it reinstated. Check with a counselor to see if you are eligible for reinstatement of registration priority.
