MOORPARK COLLEGE
California State University
General Education Requirements

Certification Pattern

CERTIFICATION: “Certification” means that Moorpark College has verified that a student has completed the lower division General Education requirements for the California State University. It is important because the requirements differ slightly from campus to campus. Once “certified”, the CSU campus of choice will know that the student has completed requirements as articulated between the CSU and Moorpark College (9 units of upper division General Education courses must be completed after transfer). Courses from other schools may be considered by catalogue evaluation. Please see a Moorpark Counselor for assistance. It is the student’s responsibility to request “certification”.

MINIMUM ADMISSION REQUIREMENTS: A student must complete 60 or more transferable units with a minimum GPA of 2.0 “C” or better (2.4 for non-residents), be in good standing at the last college or university attended, and have completed or made up missing college preparatory subject requirements. Missing college preparatory course requirements may be made up by: high school graduates prior to 1967 may qualify for admission by completing with grades C or better each course of the CSU general education requirements in Communication in the English Language (at least 9 semester units) and mathematics (usually 3 semester units), or 1988 and later high school graduates may complete with a grade C or better in each course a minimum of 30 semester (45 quarter) units selected from courses in English, Arts and Humanities, Social Science, Science, and Mathematics of at least equivalent level to courses that meet general education or transfer curriculum requirements. All CSU general education requirements in Communication in the English Language (at least 9 semester units) and in Mathematics (usually 3 semester units) must be completed prior to admission to the CSU. The remainder of the units should be selected from courses required in the major.

Certain programs for which there are more applicants than there are spaces available, i.e. impacted programs, have additional screening requirements. See your Moorpark counselor for details.

ADVANCED PLACEMENT INFORMATION: The following Advanced Placement examinations may be incorporated into certification of completion of CSU General Education-Breadth requirements by any participating institution. Students must have scored 3, 4, or 5 on an Advanced Placement examination to receive credit. Individual CSU campuses may choose to accept more units than those specified below towards completion of General Education-Breadth requirements. The CSU campus to which the student is transferring determines the total number of units awarded for successful completion of an Advanced Placement Examination and the applicability of the examination to other graduation requirements.

AP Subject Exams and the number of units applicable to General Education-Breadth Requirements for students obtaining full or subject-area certification.

Certification and Double Counting
Executive Order (E.O.) No. 167 delegates to the California Community Colleges the authority to identify bachelor's courses that fulfill the General Education-Breadth requirements. Since 1982, community colleges have also been authorized to designate, using the provisions of E.O. No. 40, community college courses that fulfill the U.S. history, constitutions and American ideals requirement. Although graduation requirements vary among CSU campuses, community colleges can ensure maximum comparability between community college courses and CSU lower division requirements through utilization of the certification process.

Most CSU campuses allow double counting for general education and major requirements, to applicants who submit either full or partial certification. Exceptions are indicated below.

**Bakersfield**: Courses can be db1 counted if articulated; Channel Islands - Some db1 counting is permitted; Chico - Dbl. counting is generally not permitted for students in a special major; Fresno - Dbl. counting is subject to departmental approval. A maximum of two courses may be db1 counted for most majors; Fullerton - Dbl. counting is permitted, except in Business Administration, Communications, Psychology, and Radio/TV/Film majors; Hayward - Dbl. counting is permitted for lower division courses; Humboldt - Some db1 counting is permitted; Monterey Bay - Dbl. counting is subject to departmental approval; Northridge - Limited db1 counting is permitted in specific majors; Sacramento - Dbl. counting is limited to six lower division units in major subject areas and three units with minor; San Bernardino - Dbl. counting is permitted for philosophy and communication majors; San Francisco - Total of 12 units in major and GE to transfer in either upper or lower division; San Luis Obispo - Some db1 counting is permitted; San Marcos - Some db1 counting is permitted; Sonoma - Some db1 counting is permitted.

All campuses allow double counting of courses taken to meet General Education-Breadth and the American Institutions requirement for applicants who are either fully or partially certified.

**NOTE**: Students with IGTC certification cannot double count courses taken to meet IGTC and the American Institutions requirement.

CSU Practices Concerning Multicultural Ethnic Studies Requirement
Unless otherwise noted, appropriate lower or upper division ethnic studies courses may be used to satisfy the multicultural/ethnic studies requirement.
