DISCUSSION:

A. Introduction of Lori Bennett, EVP
   Ms. Mary Rees, Academic Senate President and former Curriculum Committee Co-Chair (faculty), introduced Dr. Lori Bennett as the new Executive Vice President and Curriculum Committee Co-Chair (admin).

B. Welcome from Mary Rees, Academic Senate President
   Ms. Rees welcomed everyone in attendance. Ms. Rees thanked Ms. Letrisha Mai, Articulation Officer, for all of her hard work on the Transfer Model Curriculum (TMC) last year. Ms. Mai’s dedication and contribution to the TMCs helped place Moorpark College on the top of the list, for TMCs, state-wide.

C. Curriculum Committee Co-Chair Nominations & Election
   Ms. Rees announced that she was taking nominations for her replacement to the position of Curriculum Co-Chair (faculty). She noted that Mr. Jerry Mansfield had expressed interest in the position and had attended the 2013 Curriculum Institute. Discussion was held regarding Mr. Mansfield’s nomination. Ms. Rees called for the motion to approve Mr. Mansfield as the new Curriculum Committee Co-Chair (faculty). Members voted unanimously in favor of the motion. Mr. Mansfield accepted the nomination and will serve a two-year term (2013-2015) pending approval from the Academic Senate.

D. Theatre Discipline – Addition of second discipline and minimum qualifications
   Ms. Rees presented Members with several Theatre Arts courses for review and approval: THA M11A-D, THA M20, and THA M23A-B. In Mr. John Loprino’s absence, Ms. Beth Megill explained that for courses that have a technical/CTE component, expansion of a second discipline and the represented minimum qualifications to include an Associate’s Degree (2 years) plus six years of experience in the field, is desired. We requested a recommendation from the State Vice Chancellor’s Office this summer on how to handle CORs that have a transfer and a CTE component. They recommended we list the course under both disciplines thus the course would have two sets of minimum qualifications. Dean Julius Sokenu noted that individuals with an industrial background are better suited for courses that are CTE, as they work in the industry and know what the current practices are. Brief discussion was held. Ms. Rees requested that Members of the Committee vote for the presented courses.

E. Stand-Alone Training - Certification
Ms. Rees reviewed the state mandated Stand-Alone Training documentation with Members of the Curriculum Committee. She reiterated that state approval is not required for stand-alone courses and those courses (or designated as stand-alone) should not be program-applicable. All credit stand-alone courses must be approved locally by the Curriculum Committee and/or District Governing Board. District certifies that all faculty and staff involved in curriculum approval have completed the training. The Certification form must be submitted prior to September 30 of each year. Ms. Rees mentioned that at this time, Title 5 course approval has not been extended past the December 31, 2013 deadline. The approval workflow for a Stand-Alone course is Curriculum Committee, DTRW, the Consultation Council, and then the Board of Trustees. All of the documentation reviewed during this meeting has been placed on the Curriculum Committee Webpage under Resources.

F. Curriculum Committee Representation per Department
Ms. Rees reminded those in attendance that they should let her or Mr. Mansfield know of their respective department representation for the Curriculum Committee as soon as possible.

G. Review CORs, programs of study, and CurricUNET

H. What’s New at the State
Ms. Rees reviewed developments at the State level that were covered at Curriculum Institute; including Moorpark rated #1 in State TMCs.

I. Meeting schedule/TMC meetings

J. General Education Learning Outcomes (GELO) – new item
The Curriculum Committee has approved a five year schedule for GEOs. This schedule setup which GEOs should be assessed each year and requests faculty to meet in the Fall to establish the assessment method and the appropriate rubric. This rubric would be used by faculty in the spring. These assessments would then be used by the department faculty as part of their program plan. The GE workgroup will be asked to facilitate the faculties work on these GEOs. The Curriculum Committee supported this expanded role of the GE workgroup. Ms. Rees noted that several faculty: Mr. Sandy Bryant, Ms. Janice Feingold, and Ms. Mai as well as Dean Julius Sokenu have been involved in the General Education Learning Outcomes as part of the GE workgroup. It is hoped that with the assistance of the new Student Learning Outcomes Coordinator, Ms. Julie Campbell, they will be able to help faculty gather their information in more cohesive manner and to be another set of eyes.

K. Distance Education Workgroup
Ms. Rees recommended the formation of a Distance Education Workgroup to help certify the DE Addendums, and to create a “best practices” model. Members could include: Dr. Joanna Miller, Ms. Elisa Setmire. The Curriculum Committee approved the formation of this workgroup. This workgroup could request technical assistance from classified or faculty as needed such as: Ms. Ashley Chelonis, Instructional Technologist.
**NEXT MEETING:** Tuesday, September 3, 2013 (tentative)
