

## Instructional Technology Update

Moorpark has Adobe Suite and Camtasia licenses for faculty and staff who have *school* computers. Unfortunately, they cannot be installed into personal computers. If you would like a license, or licenses, please submit a ticket at [mchelpdesk@vcccd.edu](mailto:mchelpdesk@vcccd.edu) . Please include a brief description & location of your school computer(s). If you request Adobe, please let them know what Adobe programs you are interested in. Due to the number of requests, please allow them some time to install your copy, or copies.

Pronto, a “text”-ish program is now available for all classes by request. It can be used inside of Canvas, or on the Pronto App on mobile devices. Please take a look at [pronto.com](http://pronto.com) and let me know if you would like Pronto opened in your crn(s). It can be used for online, hybrid, and on-ground classes.

The \$500,000 “Improving Online CTE Pathways (IOCP)” CVC-OEI grant is underway. The goal is to offer CVC-OEI exchange ready programs in Business/Accounting, Hospitality Management, Child Development, and Journalism/Public Relations and incorporate OER and ZTC offerings.

CTE: Career Technical Education

CVC-OEI: California Virtual Campus-Online Education Initiative – Online Educational Initiative

OER: Open Educational Resources

ZTC: Zero Textbook Cost (Created under Creative Commons licenses)
