

## **IT Updates**

- Upgraded applications on 400 systems in the Library and Fountain Hall
- Upgraded applications on 70 systems in Communications building
- Worked with contractor to finalize data cabling and rack locations in the GYM remodel
- Installed replacement computers for 20 faculty and staff
- Continuously upgrading our network security to block additional threats to the campus and District – We typically block around 1,000,000 threats per month
