

Dan reported that this will get done when the building is updated for emergency notification. On hold till new cables get run	Annual Program Plan Music	(A) Active Request	Install Wi-Fi in Music Building	As a 21st century educational institution, all students, faculty, and staff should have access to wireless internet. Currently, there is no Wi-Fi access in several classrooms, practice	Brandon Elliott	(D) Technology Need	General Fund		High	2500 Estimated to cost ~10,000 with cableing and multiple access points.	No	Throughout Music Building.	09/17/2018	09/17/2018
Dan these will be up for refresh next year.	Annual Program Plan Student Health Center	(A) Active Request	Refresh all computers in the health center. We have the following outdated computers that need replacing: 9 desktops and 5 laptops. Including screens and keyboards/ mouse.	All computers are outdated per IT and need to be refreshed. All medical billing and Family Pact billing depends on our computers functioning properly. IT is always working on our computers and advised us to get on the computer refresh. All of our medical records are electronic	Sharon Manakas Dan will let Sharon know	(D) Technology Need			High	20000	Yes	SHC A 111 and surrounding SHC offices	09/15/2018	09/15/2018
Photography will wait till next year to complete as a single exercise	Annual Program Plan Photography	(A) Active Request	Add 7 new computer stations to Digital Photography Lab. Mac Mini with Ben-Q monitors.	Would bring total to 25 work stations in lab to match class cap size of 25. Would help with retention and reduce student frustration about not having a computer for each student.	Karin Johansson Steve will follow up with Karin-- see if Photography will wait so old system and can be replaced with new as well as adding additional units that are uniform. If willing to wait will prioritize high next (near the top).	(D) Technology Need	General Fund	IELM	High	21000	No	Note: Additional furniture and cabling will be needed for additional workstations --this will be forwarded to PAWG to be reviewed	09/15/2018	09/15/2018

59	Annual Program Plan Photography	(A) Active Request	Refresh 17 Computer Monitors in Digital Photography Lab. Replace with Ben-Q 27" monitors. \$600 each	Need professional calibrated monitors for accurate color reproduction. Existing monitors built in to IMAC are not accurate, too bright and glossy screen creates glare. Ben-Q monitors reproduce 99% of the Adobe 1998 Color Space, have a matte screen and viewing hood.	Karin Johansson Steve will ask Karin if Photography will wait till next year when Refresh is due and can be paired with the new equipment requested. Workgroup will prioritize high.	(D) Technology Need		IELM	High	11000	Yes	HSS 118 Digital Lab	05/08/2017	09/15/2018
60	Annual Program Plan Photography	(A) Active Request	Refresh 17 iMac computers with Mac Mini Computers.	Replace iMacs with Mac Mini computers to take advantage of new Ben-Q monitors.	Karin Johansson Steve will (follow-up) Tied to request 59 above	(D) Technology Need		IELM	High		Yes	HSS 118 Digital Photography Lab	09/15/2018	09/15/2018

Will be processed as computers come up for Refresh due dates. Norm will provide a list of computers instructors believe due

Annual Program Plan Biology	(A) Active Request	Refresh of Biology faculty office computers after more than 6-8 years, depending on the faculty member.	Many of our Biology faculty are well due for a computer refresh.	Individual Biology Faculty	(D) Technology Need			High		Yes	LMC faculty offices	09/15/2018	09/15/2018
