# Erosion control in orchards

Cover crops: Smaller fauna used to cover the areas between larger trees used for water retention, pest control, erosion prevention, introduce biodiversity, smother weeds, and increase visual appeal.

# Example Cover Crops

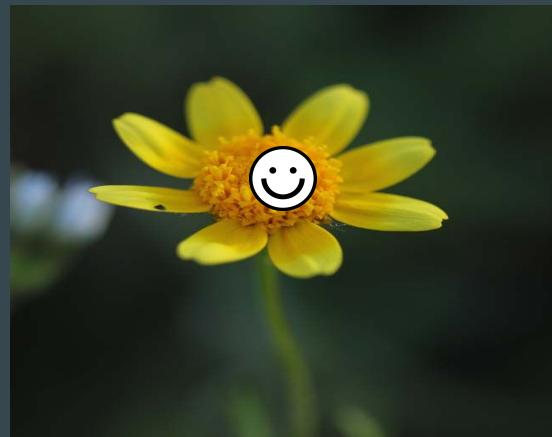

# Pollinator Plants

# Canyon Sunflower (*Vernegasia carpesioides*)

# California Goldfields

# Mountain phlox (*Linanthus grandifloras*)

# Arroyo Lupine

# IMPLEMENTATION

A photograph of a field of yellow wildflowers in the foreground, with a line of trees and mountains in the background under a clear sky. The image is slightly blurred to make the text stand out.

**Thank You**  
for considering Nature's Finest Club's proposal!

We owe our progress to your support.
