3.2) How could we improve the value (in item 3.1)?

The Academic Senate Council has been leading much of the work of the college this past year - these past years. Unbelievable dedication!
Ask all faculty to have input into committees.

4.2) How could we improve this understanding (in item 4.1)?

Give definitions and/or explanations to all the acronyms used and what each committee does for the college.

Doing AN EXCELLENT JOB ON KEEPING MEMBERS INFORMED

Remember to invite Senators to Area C meetings in plenty of time, with transport ideas etc

5. Please rate 1-5, with 5 being highest

5.2) How could this be improved (in item 5.1)?

I am overwhelmed with the amount of reading - I am a slow reader.
I don't know how much I really contribute besides coming to my department.

The committee is GREAT not sure how much I help

6.1) What could be done to increase communication?

Have minutes sent to us within a week after the meeting - fresh in our minds, & at least a week before our next meeting so we have time to read them. Please.

Very Organized Well Run Meetings

more e-mails to senators maybe!

It would be nice if reps were given more time to read documents prior to the meeting. I am aware this sometimes comes down to circumstances beyond the ASC's control. Perhaps a more formalized expectation for reps to report to the departments?

We are perhaps low in communication between dept. reps + depts. I love those reps who provide written reports/emails to all their members, eg Mike Hoffmann to Visual/Applied Arts/Media Arts.

Difficult. I think our methods are good. We didn't have as many fall come meetings this year. I think we need them often & on some mid days MW/Th. so it can catch diff. schedules. I don't think mass emails are very good for communication

6.2) Other comment?

May is Big Time

I just want to thank everyone for their service. It is an honor + a privilege to serve with you all.

love senate!

to easy to delete. Actual meetings offer flex time or
inst. topic & draw more interest if well planned.
