Statement of Report Preparation

This Follow-Up Report is submitted by Moorpark College as a progress report outlining Ventura County Community College District’s (VCCCD or District) responses to the recommendations made by Accrediting Commission for Community and Junior Colleges (ACCJC) and the alignment to the Accreditation Commission Standards. Each recommendation response also includes a statement of “College Activities and Impact” as it relates to District progress. The District and College responses delineate the progress achieved to date, and fully addresses the concerns noted by the Commission letter dated February 2, 2012 that placed the College on Probation status, and the subsequent July 2, 2012 Commission letter that continued the College on Probation status.

We certify there has been considerable opportunity for the Board of Trustees and VCCCD constituents to participate in the review of this report. We believe the Follow-Up Report accurately reflects the nature and substance of progress since the Team visits on October 31, 2011 and April 16, 2012.

In addition, the District and the Colleges have provided all reports from the ACCJC to the District communities to ensure transparency and clear communication of the various actions and steps taken to address the concerns of the Commission. The draft Follow-up Report was made available to the entire District, staff, and students. The final reviews of this said report were conducted by the Board of Trustees, Chancellor, Chancellor’s Cabinet, District Council on Accreditation and Planning (DCAP), and the Consultation Council, an advisory committee representing District and Colleges’ constituencies. It is clearly understood that the Follow-Up Report must demonstrate that Moorpark College and the District have addressed the seven District Recommendations as stated in the February 2, 2012 Commission action letters, resolved deficiencies, and meet Eligibility Requirements, Accreditation Standards, and Commission policies.

The VCCCD Board of Trustees received first reading of a draft copy of the Follow-Up Report as an information item at the September 11, 2012 Board meeting for their review and further comments. The final Follow-up Report was adopted at the regularly scheduled Board Meeting on October 9, 2012.

Introduction

The subsequent pages represent a culminating response to the various Accrediting Commission of Community and Junior Colleges (ACCJC) visit recommendations, Commission actions as well as a Commission Concern to be submitted to the ACCJC as required by the letters to the Chancellor dated February 2, 2012 and July 2, 2012.

Chronology

The following is the various Commission actions that have taken place regarding accreditation of the Ventura County Community College District and its three Colleges:

October 11-14, 2010  Commission made the visit to the District and the three Colleges for the comprehensive evaluation during the regular accreditation cycle

February 1, 2012 Commission sent a corrected Commission action letter received by Ventura College in May 2012 requiring Ventura College to address College Recommendations 3, 4, 6, and 8 by October 15, 2012
February 2, 2012 Commission issued a letter requiring the District to submit a Follow-Up Report by October 15, 2012
March 15, 2012 A special report from the District was submitted to the Commission in response to the Commission Concern.
April 16, 2012 Commission made a one-day visit to the District specifically on the Commission Concern regarding Board governance
May 7, 2012 Commission issued a report from the visit on April 16, 2012
June 6-8, 2012 Commission continued the Probation status placed on the District’s three Colleges
July 2, 2012 A letter was sent to the District and Colleges regarding the continuous Probation status for the District’s three Colleges and required the three Colleges to provide a Follow-up Report due on October 15, 2012

Process

The three Colleges worked on their respective areas of concern as well as working with the District to address District-wide issues. The District and College leadership gathered data by
soliciting input from all constituents using surveys, committee/council meetings, holding public forums, and soliciting individual feedback on the various District processes and procedures to improve efficiency and effectiveness of District operations. The following pages delineate the process activities and actions implemented to address each one of the seven recommendations and the Commission Concern and their alignments to the Eligibility Requirement 3 and the respective Accreditation Commission Standards.
Report on District Recommendation #1

Recommendation:

In order to meet the Standards, the District, in concert with the three Colleges, shall develop clearly defined organizational maps that delineate the primary and secondary responsibilities of each, the College-to-College responsibilities, and that also incorporate the relationship of major District and College committees established to assure the integrity of activities related to such areas as budget, research, planning, and curriculum. (IV.B.3.a-b, IV.B.3.g)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team acknowledges the systematic work on organizational mapping that the Ventura CCC District and its three Colleges, Moorpark, Oxnard, and Ventura, have initiated in response to District Recommendation 1. By its very foundational nature, this recommendation represents the key to articulating roles and responsibilities in a multi-college district, identifying gaps in structures and resources for planning, research, and curriculum, and improving effectiveness and communication. To date, this recommendation has only been partially addressed and compliance with the Accreditation Standards has not been achieved. The team recommends the Ventura CCC District and its Colleges collectively affirm the urgency of compliance with Accreditation Standards and accelerate and enhance their efforts to address all components of District Recommendation 1.

Update:

In response to this recommendation, the District and Colleges, through the Consultation Council, revised the District-wide Participatory Governance Handbook (D1-01) to reflect a clearly defined organizational flow and functional mapping narrative, and developed the “VCCCD Governance: Advisory and Recommendation Pathways” through many discussions regarding a governance process chart that would delineate (D1-01) and illustrate the relationship of major District and College committees.

The Participatory Governance Handbook and its accompanying “VCCCD Governance: Advisory and Recommendation Pathways” ensure delineation of roles and responsibilities and provide venues within the District/College governance structure to host participatory dialogues. To accelerate progress and ensure broad-based collegial input, the Consultation Council agreed to meet twice per month for the period of February through June 2012 to complete the work of revising the Handbook.

The District Consultation Council (also referred to as the Consultation Council) is chaired by the Chancellor and consists of District-wide constituents, including the Vice Chancellor of Business and Administrative Services; Vice Chancellor of Human Resources; Director of Administrative Relations; one College Executive Vice President appointed by the
Chancellor; one District Classified Representative; one Classified Confidential Representative; College Presidents; Academic Senate Presidents or designees; Classified Senate Presidents; one Associated Student Government Representative from each College; AFT President; and SEIU President (D1-02).

The Consultation Council review processes and activities related to the revision of the Participatory Governance Handbook and the development of the “VCCCD Governance: Advisory and Recommendation Pathways” yielded the following results (D1-03):

- In February 2012, the existing Participatory Governance Handbook was distributed to Consultation Council members for review and feedback. Extensive discussion regarding the Consultation Council’s role in governance resulted in expanding the Consultation Council’s responsibilities to include “Recommending appropriate participatory governance structures for the District, and monitoring and assessing effectiveness of the implementation of said governance structures.”

- In early March 2012, the Consultation Council recommended changes to participatory governance groups related to charges and membership. As a result, the District Council on Accreditation and Planning (DCAP) was established with a charge to “Develop, monitor, and evaluate Districtwide planning and accreditation cycle activities.” The March 2, 2012 Consultation Council meeting notes indicated DCAP would meet to further develop its charge, membership, and report progress by the end of this calendar year. The March, May, and June 2012 Consultation Council meeting notes reflect additional members may be appointed to DCAP at a later date or membership expanded by the Chancellor. DCAP membership was expanded by the Chancellor on June 4, 2012 to include the Director of Administrative Relations from the Chancellor’s Office, a Classified Senate President, and the Student Trustee. The May 22, 2012 Participatory Governance Handbook defines DCAP as follows:

  The District Council on Accreditation and Planning (DCAP) is an evolving body established to address immediate accreditation and planning issues. As such, DCAP advises the Chancellor, through Cabinet and the District Consultation Council, on matters pertaining to the development, monitoring, and evaluation of District-wide planning and accreditation cycle activities. Members understand that they attend meetings to represent constituent groups at a College or the District Administrative Center. In this role, members formulate recommendations to the Chancellor through consultation and are responsible to serve as a conduit of information and the catalyst for discussion on topics raised at the District group and within the constituent group. These topics include, but are not limited to, the specific areas outlined in state law and regulation. Membership will be expanded and/or modified by December 31, 2012.

Current members include a Chancellor-appointed Chair; District Administrative Center Representative; Student Trustee; College Presidents, Academic Senate
President or designees; and others determined by the Chancellor.

- **In March 2012, the Consultation Council also determined the need for a District Council of Academic Affairs (DCAA) to advise the Chancellor regarding instructional program development and related Board policies, administrative procedures, and standard operating practices. It can also facilitate the coordination of District College programs and review institutional offerings for redundancy, growth and development, and discontinuance; and prepare the initial draft of the educational master plan as it relates to instruction and student services. Dialogue addressing gaps within existing governance committees further resulted in modifying the following existing groups: District Technical Review Workgroup (DTRW), which had been focused on reviewing curriculum at all three Colleges, and District Council on Student Learning (DCSL), which had been focused on issues related to student services.**

The modified groups are now called District Technical Review Workgroup – Instruction (DTRW-I) and District Technical Review Workgroup – Student Services (DTRW-SS). They are to advise DCAA on academic and professional matters. DTRW-I and DTRW-SS focus on instruction and student services in program development and review/suggest revisions to Board policies and administrative procedures in these areas as needed. DTRW-I, and DTRW-SS began meeting formally on September 13, 2012.

DCAA membership consists of a Chancellor-appointed Co-Chair; a Co-Chair Faculty member selected by DCAA members; Executive Vice Presidents; Academic Senate Presidents or designees; one Vice President of Business Services; Faculty Co-Chairs of campus planning committees or College Faculty designees; Associated Student Government Representatives; and a College Faculty member from each campus. DTRW-I members include a Chancellor-appointed Chair and Faculty Co-Chair rotated between the Colleges; Executive Vice Presidents; Faculty Co-Chairs of College Curriculum Committees; and Articulation Officers. DTRW-SS membership consists of a Chancellor-appointed Executive Vice President as Chair; a Co-Chair selected by DTRW-SS; a Dean of Student Services from each College; Associated Student Government Representatives; Registrars; and Articulation Officers or non-instructional designees from each campus (D1-04).

- **In April 2012, the Consultation Council discussed and incorporated feedback into the Participatory Governance Handbook and related governance process chart, “VCCCD Governance: Advisory and Recommendation Pathways.” Following final review by Chancellor’s Cabinet, College Presidents distributed the organizational mapping documents to College constituents for feedback, and the Director of Administrative Relations provided the documents to District Administrative Center constituents for input.**
• In May 2012, the Consultation Council discussed and agreed upon minor modifications to the “VCCCD Governance: Advisory and Recommendation Pathways” for clarity.

• In June 2012, the Consultation Council completed its final review of the Participatory Governance Handbook and related “VCCCD Governance: Advisory and Recommendation Pathways” as part of its Board of Trustees Meeting Agenda Review.

The Participatory Governance Handbook has been widely communicated at the Colleges and District Administrative Center, and constituents were given opportunities to provide input for improvement prior to finalization of the documents (D1-05). The Participatory Governance Handbook was presented to the Board of Trustees for information on June 19, 2012 (D1-06) and publicly posted on the District’s website at www.vcccd.edu (D1-07). In addition, the Board of Trustees approved an updated BP 2205 Delineation of System and Board Functions (D1-08) on June 19, 2012 to include the completed Participatory Governance Handbook and functional mapping documents.

In September 2012, the District Council on Accreditation and Planning (DCAP) developed a VCCCD Operational/Functional Mapping Table that is supplementary to the Functional Mapping narrative provided in the District-wide Participatory Governance Handbook. The supplementary VCCCD Operational/Functional Mapping Table provides an “at-a-glance” view of functional mapping between the District and Colleges. The Functional Mapping Table has been communicated District-wide to give constituents an opportunity to provide feedback and suggestions for improvement (D1-09).

By revising the Participatory Governance Handbook, the District clearly delineates and communicates the functions between the District and the individual Colleges and consistently adheres to this delineation in practice (IV.B.3.a). The Handbook and its accompanying “VCCCD Governance: Advisory and Recommendation Pathways” serve as the manual of standard operations of District and Colleges in governance and operations. By clearly defining and delineating the roles and responsibilities of the District and the Colleges, effective and efficient services and support can be provided to the Colleges to achieve the District’s vision and mission (IV.B.3.b). The District and Colleges will assess, on an annual basis, the appropriateness of constituent role delineation and responsibilities involved in District-wide governance processes, identifying gaps in governance structures and resources, as well as the overall effectiveness of the process by administering online surveys and holding public forums to gather data for further refinement (IV.B.3.g).

College Activities and Impact

In response to this district recommendation, Moorpark College is actively engaged in reviewing and improving district and college governance structures. At VCCCD, mapping the organization is primarily the purview of Consultation Council, an Advisory Committee at which all constituents have a seat; both district and local committees contribute to improving
communication, analyzing gaps in structures, planning and resources allocation, and clearly articulating roles and responsibilities.

In addition to the activities referenced above, Moorpark College vetted the VCCCD Participatory Governance Handbook and the “VCCCD Governance Advisory and Recommendation Pathways” chart. District Consultation Council was the advisory council responsible for the creation of these documents, and this work began in earnest in January. On campus, the Academic Senate was the primary participatory governance committee that vetted these documents. Every department has a representative on the Academic Senate. The Senate’s review of the VCCCD Participatory Governance Handbook (the Handbook) began as early as August 30, 2011. The Handbook was agendized numerous times from August 2011 through May 2012 with final passage evidenced in the May 1, 2012 minutes. (C1-01) These minutes demonstrate the Academic Senate’s interest in the District-wide handling of curriculum, the delineation of functions/authority, and the formation of committee structures that balance the discussion of budgetary allocations with District-wide academic perspectives. (C1-02)

In addition to detailed examinations at the Academic Senate, the Handbook was distributed to all faculty and staff via the College Portal. On May 2nd, the College President, in conjunction with the Academic Senate President, hosted a College-wide Forum to gather broad input regarding the governance committee structure outlined in the Handbook in addition to the “VCCCD Governance Advisory and Recommendation Pathways” chart. One of the recommendations that came from this open Forum was the creation of a District-wide Instructional Technology Committee to balance out the already in-place Administrative Technology Committee. Constituents of Moorpark College brought the recommendation from the College to Consultation Council for consideration. (C1-03) This recommendation has been included into the Handbook and is meant to clarify instructional, as opposed to administrative, technological needs. (C1-04)

The recent improvements in the governance structure and the creation of the functional map have prompted extensive conversations among the College leadership and at the open-forum at the College. These conversations, in conjunction with the work of creating the documents, has heightened awareness and promoted the understanding of college-to-college and college-to-district relations. The College leadership recognizes this emerging dialogue of shared values and interests, and believes the dialogue is poised to grow beyond this development stage. It is clear that the understanding of governance structures and delineation of functions has been broadened and magnified. In the process of vetting the District Handbook, the Senates and the Administration have been prompted to examine not only the nature of decision-making at the District level, but also its resonance and effects on local processes. While the honing of the roles and responsibilities in a multi-college district is in process, the affect has been most discernible with the College and District leaders thus far.

Report on District Recommendation #2

Recommendation:

In order to meet the Standard, the District, in concert with the three Colleges, shall document evidence that a review of District Policies and Procedures that may impede the timely and effective operations of the departments of the Colleges has taken place and that appropriate modifications are made that facilitate the operational effectiveness of the Colleges. A calendar that identifies a timeline for the regular and consistent review of policies shall be developed. (IV.B.1.e)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team acknowledges the scope and extent of District and College work resulting in considerable progress on District Recommendation 2. Of its three inter-related components, the recommendation for the development of a calendar for the regular and consistent review of policies has been fully addressed. With regard to the review and modifications of policies and procedures that may impede operational effectiveness, the team finds these elements to be partially addressed and recommends the District and Colleges analyze all collected data for potential impediments and continue to modify operating practices to ensure consistency and appropriate application.

Update:

In response to this recommendation, the District developed and the Board of Trustees adopted a two-year policy/procedure review cycle calendar. The proposed review schedule was implemented in March 2011 and is being vigorously adhered to (D2-01) as evidenced by the substantial amount of activities undertaken by the Policy Committee of the Board (D2-02) and the subsequent placement of proposed, reviewed and/or revised policies and administrative procedures on the monthly Board of Trustees agendas for action or information (D2-03).

The District also utilizes the Board Policy and Administrative Procedure Service of the Community College League of California. As new laws are enacted, the District receives updates from the Service with its suggested Board Policy Template to review and revise policies and administrative procedures through the District’s established governance structure and committees. To address the review and modification of policies and procedures that may impede operational effectiveness, policy/administrative procedure review and recommended changes follow the newly implemented “VCCCD Governance: Advisory and Recommendation Pathways” outlined in the Participatory Governance Handbook (D2-04) to ensure broad-based constituent input, consistency, and appropriate application across the District and Colleges. Governance committees and District/College constituents serving on governance committees are provided opportunities to review, analyze, and recommend suggestions for modification of policies/procedures under review that may present potential
impediments and negatively impact the timely and effective operations of District/College departments. As presented under “General Operating Agreements for District Groups” in the Participatory Governance Handbook, Committee members understand they attend meetings to represent constituent groups at a College or the District Administrative Center. Constituent groups formulate recommendations to the Chancellor through consultation, and members are responsible to serve as a conduit for information and the catalyst for discussion and topics raised by District groups and within the constituent groups (D2-05).

District policies and procedures have been reviewed and analyzed consistently during the two-year cycle as evidenced through governance bodies meeting notes, including those of District Council on Student Learning (DCSL); District Technical Review Workgroup (DTRW); District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Consultation Council; and Chancellor’s Cabinet. Governance groups maintain meeting notes that include policy/administrative procedure actions and recommendations taken during committee meetings (D2-06).

As of August 2012, the review and analysis status for Board Policies/Administrative Procedures was as follows:

- Chapter 1 The District: complete
- Chapter 2 Board of Trustees: approximately 99 percent complete
- Chapter 3 General Institution: approximately 50 percent complete
- Chapter 4 Academic Affairs: approximately 80 percent complete
- Chapter 5 Student Services: approximately 5 percent complete
- Chapter 6 Business/Fiscal Affairs: approximately 90 percent complete
- Chapter 7 Human Resources: approximately 20 percent complete

Approximately 90 percent of Chapter 7 Human Resources is scheduled for review and completion by the end of November 2012. Policy and administrative procedure review of Chapter 4 Academic Affairs, and Chapter 5 Student Services by newly-formed District Council on Academic Affairs (DCAA), District Technical Review Workgroup-Instruction (DTRW-I), and District Technical Review Workgroup-Student Services (DRTW-SS) began in September 2012 (D2-07).

To address extremely time sensitive policy or administrative procedures critical to District/College operational deadlines but subject to missing Policy Committee or Board Meeting timelines, governance committees can hold a special meeting and/or present such time sensitive recommended policies and administrative procedures to the Chancellor or Chancellor’s Cabinet for approval to advance to Policy Committee and the Board of Trustees.

As a result of dialogue by governance groups and constituent feedback, policy and administrative procedure modifications occurred as evidenced by the following revised operating practices to avoid impeding College operations and ensure consistency across the District/Colleges (D2-08):
In August 2012, the District launched a website for “Business Tools, Forms, and Procedures,” a SharePoint site for employee access. The site includes frequently used District-wide forms in fillable field format; detailed procedures in some areas of Accounting, Accounts Payable, Payroll, Information Technology, Purchasing, Risk Management, Police/Parking Services, and Contracts and Grants, including the specific Administrative Procedure 3280 for the completion of grant applications. “Business Tools” is designed to facilitate the consistent District-wide application of procedures. In order to respond to user needs and input, a dedicated link is provided for faculty and staff to submit feedback and/or suggestions via the site. All forms are accessible via the employee portal. To achieve continuous quality improvement, the site will be expanded in 2012-2013 to incorporate additional procedures, forms, and enhancements based on user suggestions. This process of regular updates will continue based on user input.

In conjunction with faculty and staff, a Field Trip/Excursion electronic workflow process was developed in response to faculty needs. Staff and faculty with extensive experience in field trips worked during summer 2012 to develop the workflow. The workflow was implemented in August 2012 by a small number of key faculty from throughout the District to ensure a thorough testing and application of the process. The District Director of General Services provided an overview of the process to interested faculty during Fall 2012 Flex Days at all three Colleges. This process will be refined with additional faculty input.

The District is on schedule to complete its two-year review cycle of existing policies and procedures by March 31, 2013. The District will continue to regularly monitor the sequence, origination points, and appropriate constituency involvement in the two-year policy/procedure review process to systematically identify criteria and evaluate impacts of same on District/College operational effectiveness.

Further, the District Council on Accreditation and Planning (DCAP) is identifying additional effective measures to capture further feedback from District/College constituents, analyze collected data for potential impediments, and continue modifying operating practices to ensure Board policies and procedures enhance operations. One measure identified and developed by DCAP included an Employee Formal Communications Survey designed and implemented in September 2012 that collected feedback from employees about ways to improve the flow of information to and from the District through formal channels of the committee and governance structure and to identify any policies or procedures that need clarification or that are difficult to implement in practice (D2-09). Results of the newly-implemented annual survey will be discussed at District Consultation Council in October 2012, summarized in the November 2012 Chancellor’s Monthly Update, and distributed to employees, students, and Community Advisory Body members.

The process employed for review and revising board policies involve all constituents and follow the established governance structure and committees before the Board of Trustees acts upon the recommended changes or adoption of policies and administrative procedures. The Board of Trustees has committed to act in a manner consistent with its policies and
administrative procedures by signing a Best Practices Agreement at a regularly scheduled Board meeting on March 13, 2012. The Chancellor and the Board Chair continue to facilitate more efficient Board meetings and more effective implementation of policies and administrative procedures (IV.B.1.e).

College Activities and Impact

To ensure a wide understanding of Board Policies (“BPs”) and Administrative Procedures (“APs”), and to ensure this Recommendation is fully met, the Moorpark College Academic Senate included discussions regarding BPs and APs in the Academic Senate Orientation and Information session during Flex week. Attendees learned the purposes of BPs and APs, and the different applications of each. They also learned how to locate them through the on-line system that houses the BPs/APs. Further, the attendees learned how the BPs and APs are reviewed and modified through the governance process. Through this Orientation, the attendees understood the role of the Board of Trustees as the “policy-making body” working primarily through the setting of BPs; while the operational aspects of the District and the College are anchored by the APs. This learning activity has deepened the understanding of Board roles on campus, and reiterated the importance of APs as tools of guidance in the daily operations of the College.

In addition to the above, the establishment of a regular review cycle is bringing the assurance that BPs and APs are live documents, and can be modified and improved to better serve students. Further, there is growing understanding that the review cycle allows for regular input, and those at the College influence in the construction and interpretation of the policies and procedures. With the understanding of inclusion, the attitude towards the BPs and APs is shifting to acceptance and participation. There has been an increased impetus to seek local input for District-wide initiatives. For instance, the Associate Vice Chancellor of Information Technology actively seeks user input through the Portal Task Force. This not only includes information on the Portal, but also on mobile applications for college websites, and the migration to Luminis 5. (C2-01) District-wide IT also added a faculty-requested District-wide Sabbatical resources website and tailored the site to the users’ needs. (C2-02, C2-03) This input has been taken into consideration and implemented in many cases.

In the Human Resources area, the AP 7120 A &B for hiring academic leadership and Full-time Faculty respectively (C2-04) is being changed to increase the committee numbers (C2-05) and alter the membership (C2-05) of the hiring committees as requested. Final decisions in local hires have reverted to being a local decision (C2-06), and the paperwork-intense hiring practices for part-time faculty is under review. These changes in AP and operations processes are approaching the implementation and/or review stages, and direct impact on day-to-day operations is anticipated. The fact that the changes are underway affords a greater sense of empowerment and trust. In the Business areas, the “Business Tools” site that mirrors the function of “HR Tools” not only allows on-line access to business forms but also contains instructions and clarification of processes. This too is a teaching-and-learning tool into processes that directly affect the college. Having been launched this August, the on-the-ground impact is expected to be measurable by the end of the Fall semester. The relief regarding the easy access to forms and instructions is noticeable among those who use them.
the most. Also in the Business areas, the dramatic change in the streamlining of Field Trip forms and process has been felt and appreciated on campus. These changes have created an exceptionally wide invitation for input and vetting (C2-07). This review process, conducted with efficiency and effectiveness in mind, has engendered an incipient pride of ownership and empowerment around a formerly much-maligned process.

Report on District Recommendation #3

Recommendation:

In order to increase effectiveness, the Teams recommend that the District conduct a periodic outcomes assessment and analysis of its strategic planning and decision-making processes, leading to sustainable continuous quality improvement in educational effectiveness in support of student learning and district-wide operations. (IV.B.3)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team documented the Ventura CCC District’s progress in improving its planning process and found that the District and its Colleges have partially addressed this recommendation. However, the process is still being refined and remains incomplete without well-defined outcome measures and clear timelines. The team recommends the District focus and accelerate its work on defining outcome measures, developing appropriate timelines, and integrating its periodic outcomes assessment data into the strategic planning process in order to promote sustainable continuous quality improvement. The team further recommends that the District, through its functional mapping and related documents, articulates the District Office responsibility (separate from the Board’s oversight responsibility) for future and ongoing reviews of strategic planning and decision-making processes.

Update:

In response to the Commission recommendation and to align with best practices in institutional planning, the Board of Trustees conducted an assessment of the District’s current planning efforts using the ACCJC Rubric on Integrated Planning at its June 26, 2012 Board Strategic Planning Session – Part One (D3-01).

Discussions from the assessment session suggest that current District practices and processes reflect many essential features of integrated planning, including a 10-year District Master Plan, Board goals and objectives with annual effectiveness reporting, annual Board planning sessions, and beginning of a dialogue regarding the efficacy of the planning process. The improved District-wide integrated planning process will incorporate local College planning processes and reporting timelines.

The Board recognized during the June 2012 Planning Session that in order to reach and maintain the level of “sustainable continuous program improvement,” process improvements are needed. Of particular importance is the documentation of the planning process, the affirmation of the planning cycle and timeline for the creation of the next Master Plan, and an orderly transition to these improved practices from the current activities. To that end, a transition plan and District-wide planning model timeline were presented and discussed. Key elements of the presentation included (D3-02):
Transition Plan:

Conduct 2012-2013 planning cycle through the following activities:

- Revise the 2012 Goals and Objectives for 2013
- Create and Implement Action Plans
- Assess results at June 2013 Board Planning Session

The Board of Trustees approved the Transition Plan and Revised Planning Cycle Timeline on August 9, 2012 during its Board Strategic Planning Session – Part Two (D3-03). Subsequently, a VCCCD Integrated Planning Manual was developed to guide and document the planning process (D3-04).

To assess effectiveness of the District and its Colleges, VCCCD created a District-wide Institutional Effectiveness Report that delineates the outcomes for corresponding annual Board Goals (D3-05). The District-wide Institutional Effectiveness Report provides three
years of data for trend analysis and comparisons. The first report was presented at the June 28, 2012 Board Planning Session; the report will be presented annually and institutionalized as a component of the standard assessment measure. The Board also assessed and made plans to improve its current District-wide planning at the June and August 2012 Planning Sessions, taking deliberate steps to reach the level of sustainable continuous quality improvement in integrated strategic planning.

To assess its decision-making processes, the District, through the Consultation Council, reviewed and revised the Participatory Governance Handbook and substantially revised the deliberation and consultation process. The resulting structure, as documented in the Handbook under the “VCCCD Governance: Advisory and Recommendation Pathways,” ensures that the deliberation, recommendation, and decision-making process is appropriate and functional (D3-06). The Consultation Council review process and activities related to revising the Participatory Governance Handbook and development of the “VCCCD Governance: Advisory and Recommendation Pathways” (D3-07) included and yielded the following results:

- In February 2012, the existing Participatory Governance Handbook was distributed to the Consultation Council members for review and feedback. Extensive discussion regarding the Consultation Council’s role in governance resulted in expanding the Consultation Council’s responsibilities to include “Recommending appropriate participatory governance structures for the District, and monitoring and assessing effectiveness of the implementation of said governance structures.”

- In early March 2012, the Consultation Council recommended changes to participatory governance groups related to charges and membership. As a result, the District Council on Accreditation and Planning (DCAP) was established with a charge to “Develop, monitor, and evaluate District-wide planning and accreditation cycle activities.” The March 2, 2012 Consultation Council meeting notes indicated DCAP would meet to further develop its charge, membership, and report progress by the end of the calendar year. The March, May, and June 2012 Consultation Council meeting notes reflected additional members may be appointed to DCAP at a later date or membership expanded by the Chancellor. DCAP membership was expanded by the Chancellor on June 4, 2012 to include the Director of Administrative Relations from the Chancellor’s Office, a Classified Senate President, and Student Trustee. The May 22, 2012 Participatory Governance Handbook defines DCAP as follows:

The District Council on Accreditation and Planning (DCAP) is an evolving body established to address immediate accreditation and planning issues. As such, DCAP advises the Chancellor, through Cabinet and the District Consultation Council, on matters pertaining to the development, monitoring, and evaluation of District-wide planning and accreditation cycle activities. Members understand that they attend meetings to represent constituent groups at a College or the District Administrative Center. In this role, members formulate recommendations to the Chancellor through consultation and are
responsible to serve as a conduit of information and the catalyst for discussion on topics raised at the District group and within the constituent group. These topics include, but are not limited to, the specific areas outlined in state law and regulation. Membership will be expanded and/or modified by December 31, 2012.

Current members include a Chancellor-appointed Chair; District Administrative Center Representative; Student Trustee; College Presidents, Academic Senate Presidents or designees; and others determined by the Chancellor.

- In March 2012, the Consultation Council also determined the need for a District Council of Academic Affairs (DCAA) to advise the Chancellor regarding instructional program development and related Board policies, administrative procedures, and standard operating practices; facilitate the coordination of District College programs and review institutional offerings for redundancy, growth and development, and discontinuance; and prepare the initial draft of the educational master plan as it relates to instruction and student services. Dialogue addressing gaps within existing governance committees further resulted in modifying the existing District Technical Review Workgroup (DTRW), which had been focused on reviewing curriculum from the three Colleges, and the District Council on Student Learning (DCSL), which had been focused on issues related to student services, with District Technical Review Workgroup – Instruction (DTRW-I) and District Technical Review Workgroup – Student Services (DTRW-SS) to advise DCAA on academic and professional matters. DTRW-I and DTRW-SS focus on instruction and student services in program development and review/suggest revisions to Board policies and administrative procedures in these areas as needed. DCAA, DTRW-I, and DTRW-SS began meeting formally in September 2012.

- In April 2012, the Consultation Council discussed and incorporated feedback into the Participatory Governance Handbook and related governance process chart, “VCCCD Governance: Advisory and Recommendation Pathways.” Following final review by Chancellor’s Cabinet, College Presidents distributed the organizational mapping documents to College constituents for feedback, and the Director of Administrative Relations provided the documents to District Administrative Center constituents for input.

- In May 2012, the Consultation Council discussed and agreed upon minor modifications to the “VCCCD Governance: Advisory and Recommendation Pathways” for clarity.

- In June 2012, the Consultation Council completed its final review of the Participatory Governance Handbook and related “VCCCD Governance: Advisory and Recommendation Pathways” as part of its June 16, 2012 Board of Trustees Meeting Agenda Review.
In summary, the District with its three Colleges, has developed a Revised District-wide Integrated Planning Cycle Timeline and District-wide Institutional Effectiveness Report that is data driven to assess District services and ensure periodic outcomes assessment and analysis of its strategic planning and decision-making processes, leading to sustainable, continuous quality improvement in educational effectiveness in support of student learning and District-wide operations. The District has established clearly defined roles of authority and responsibility between the Colleges and the District, and it acts as the liaison between the Colleges and the Board of Trustees (IV.B.3).

College Activities and Impact

Through the discussion and current work on strategic planning and decision-making processes, College faculty and administrative leadership now recognize the linkage of District planning to College planning. Much time and energy is being spent on promoting the understanding that the District Master Plan, the Board Goals and Objectives, provides an overarching framework in which the College will do its local planning. There is also a better shared understanding of the importance of assessment in the planning process. The three District Colleges and District leadership actively participated in discussions about outcome assessment of Board Goals, and jointly developed the District Effectiveness Report that provides a cross-district look at progress and outcomes. In creating this report, each college had a voice in determining the cohesive benchmarks. This is a recent development, and the impact has been at the leadership and planning level. This initial collaborative effort is now institutionalized as part of the District planning process. The Colleges have also discovered that there are more similarities than differences among the planning of the Colleges; this clearly encourages additional collaboration in the future.

The work to review and refine the District decision-making processes was participatory and broad-based. The Participatory Governance Handbook, which is just now being implemented, has been extensively vetted through our Academic Senate, as referenced above. All the additions and adjustments to the committees were done to expand participation and involvement of local constituents in District-wide decision-making. The College understands that the review, as well as the changes for improvement, were made as a result of broad-based discussions, with all constituents having an opportunity for input.

Report on District Recommendation #4

Recommendation:

In order to improve communications, the Teams recommend that the District assess the effectiveness of its formal communications and utilize constituency and community input/feedback data to implement improvements to ensure that open and timely communication regarding expectations of educational excellence, operational planning, and integrity continues and is enhanced at all levels of the organization. (III.A.3, IV.B.3)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

The team acknowledges the focused efforts of the Ventura CCC District and the Colleges in responding to District Recommendation 4 and finds the recommendation has been partially addressed to date. The new administrative advisory bodies, the expanded Citizens Advisory Committee, and the added communication strategies indicate a commitment to improving the effectiveness of communications throughout the District. These efforts have increased the opportunities for constituency and community input and the team recommends the District develop clear purpose statements for each of these bodies aligned with District, Board, and College communication goals.

While the District has assessed its formal communications through the collection of College feedback and discussed possible methods for collecting feedback about the effectiveness of communications in the future, there is no evidence that regular assessments will be implemented to ensure ongoing effectiveness and continuous improvement. It is also not clear if the District will measure improvements in constituency satisfaction with formal communications as a means to gauge effectiveness. The team recommends the District incorporate regular assessments of formal communications such as committee self-appraisal and employee surveys, to ensure improved communications and fully address the Accreditation Standards cited in District Recommendation 4.

Update:

To fully meet this recommendation, the District, through Consultation Council (D4-01), has improved the effectiveness of its formal communications as evidenced by a thorough review and revision of the District Participatory Governance Handbook (D4-02). In creating and adhering to an appropriate governance process chart, “VCCCD Governance: Advisory and Recommendation Pathways” for formal consultation and dialogue, the District ensures the venues for constituent feedback are available, well-defined, and understood (D4-03). The Participatory Governance Handbook will be thoroughly assessed through Consultation Council every three years to ensure ongoing effectiveness and demonstrate sustainable continuous quality improvement. Additionally, at the first fall meeting of the academic year, each governance group will distribute and discuss the group’s charge and reporting structure;
review norms for working as a team; develop operating agreements for determining recommendations; and review or establish task-specific operating agreements, if needed (D4-04).

In March 2012, the Chancellor deployed the annual governance committees’ self-appraisal survey process through the Office of Administrative Relations to ensure assessment and improve formal communications. The annual self-appraisal process included the following activities:

- In March 2012, the existing self-appraisal survey instrument was reviewed and expanded by the Consultation Council to gather and evaluate data from the District/Colleges related to formal communications within governance committee structures (D4-05).

- In early April 2012, the Consultation Council, District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Technical Review Workgroup (DTRW); District Council on Student Learning (DCSL); and Administrative Technology Advisory Group (ATAC) received self-appraisals electronically for completion through the Office of Administration Relations (D4-06). Although council/group members were identified for distribution of the self-appraisal survey, individual member participation was conducted anonymously through SurveyMonkey. - In late April 2012, council/group self-appraisal findings were provided to council/group chairs/co-chairs by the Office of Administrative Relations for discussion with members to ensure ongoing effectiveness and continuous improvement (D4-07).

- Council/group self-appraisal findings were discussed by members of the Consultation Council, District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Council on Student Learning (DCSL); District Technical Review Workgroup (DTRW); and Administrative Technology Advisory Group (ATAC) during the period of May through September 2012. As evidenced by meeting notes and dialogue, council/group member identified areas of potential improvement based on self-appraisal findings as follows (D4-07):
o District Consultation Council discussion resulted in consideration of using technology to eliminate the need to travel to the District Administrative Center for Consultation Council meetings, adding a standing item of “future agenda items” to Consultation Council agendas, expanding membership of the District Council on Planning and Accreditation (DCAP), and receiving meeting summary reports from DCAP.

o DCHR discussion results will be provided following the September 27, 2012 DCHR meeting.

o DCAS discussion resulted in a recommendation to conduct the survey mid-year and year-end or just mid-year to allow time for corrective action, if needed. DCAS agreed self-appraisal results were positive, accurately reflected the sentiments of the group, objectives were being met, and no change was needed in the functioning of the committee.

o ATAC discussion of findings resulted in committee agreement to change the frequency of meetings from monthly to bi-monthly, meeting notes will be posted on the District website and emailed to committee members, and meeting agendas will be distributed two weeks in advance to provide an opportunity for increased campus dialogue on agenda items prior to ATAC meetings.

o DTRW and DCSL committees were modified in purpose and membership in spring 2012. The newly-formed committees, District Technical Review Workgroup-Instruction (DTRW-I) and District Technical Review Workgroup-Student Services (DTRW-SS) reviewed the self-appraisal findings and agreed no changes were needed.

In addition, the Chancellor’s Office established a Chancellor’s Monthly Update in March 2012 to communicate formal governance committee/council activities occurring District-wide. The monthly updates are currently posted on the District portal under District-wide announcements (D4-08). Effective October 2012, distribution of Chancellor Monthly Updates will be expanded to students and Community Advisory Body members.

In response to the accrediting team’s recommendation, the Citizens Advisory Body description and purpose was clarified and added to the District Participatory Governance Handbook as part of the Handbook’s update and completion process as follows (D4-09):

The Citizens Advisory Body provides community input and feedback to the Board of Trustees in the preparation of its Districtwide planning. The community body assists the Board in the evaluation of the District’s effectiveness in meeting educational excellence and operational efficiency and acts as a vehicle to which the Board communicates its expectations of organizational excellence and integrity. The Citizens Advisory Body consists of 20 members who serve a three-year term; members may serve multiple
**terms. Individual Trustees recommend up to four community members to the full Board for approval. Members are recommended for their broad community standing, professional experience, and/or public service.**

The documented purpose statement was communicated to the Citizens Advisory Body in fall 2012. Purpose statements for Presidents Council and District Administrative Council, two administrative advisory bodies, were discussed and clearly documented at Presidents Council in August 2012 and with District Administrative Council in September 2012 (D4-10).

To further utilize community input in strategic planning, the District, through the Office of Administrative Relations, conducted an electronic survey with an expanded Citizens Advisory Body in June 2012 to obtain feedback for review and consideration at the Board’s June 26, 2012 Strategic Planning Session – Part One (D4-11). The survey was designed to obtain community member opinions regarding the District/Colleges’ breadth of functions and perceived challenges to better inform the Board of Trustees in planning and deliberations. Of the 39 community members invited to participate, 24 individuals agreed to remain members of or join the Citizens Advisory Body for 2012-2013 (D4-12), and 16 Community Advisory Body members completed the survey. Individual member participation was conducted anonymously through SurveyMonkey.

Survey findings were presented to the Board during the June 26, 2012 Strategic Planning Session – Part One. Significant findings reflected the need for the District to increase communication with community constituents regarding programs, services, and budget information. In addition, findings indicated community members identified the budget, alternative revenue resources, accreditation, partnerships, and college readiness as challenges currently facing VCCCD. Trustees commented the findings confirm the importance of obtaining community input, and the full Board agreed to increase the number of meetings with the Citizens Advisory Body to improve communication and ensure in-depth community participation in planning related to community needs (D4-13). The first Citizens Advisory Body meeting for the academic year has been scheduled on October 9, 2012, immediately following the regularly scheduled Board of Trustees meeting (D4-14).

In September 2012, the District initiated a survey of all employees related to constituency satisfaction with formal communications as a means to gauge effectiveness and provide opportunity for improvement. The survey, designed by District Council on Accreditation and Planning (DCAP), was distributed to employees through the Office of Administrative Relations, Chancellor’s Office. Results of the newly-implemented annual Employee Formal Communications Survey will be discussed at District Consultation Council in October 2012, summarized in the October 2012 Chancellor’s Monthly Update, and distributed to employees, students, and Community Advisory Body members (D4-15). This survey will continue to be administered annually in September.

The District has committed to continuous assessment of the effectiveness of its formal communication and utilized its constituency and community input/feedback data as a means to plan for continuous improvement. At the same time, the District is demonstrating to the community that it and the three Colleges value open and timely communication with their
constituents regarding expectation of educational excellence, operational planning and integrity. High expectations are to be the norm at all levels of the organization (III.A.3).

College Activities and Impact

Formal channels of communication have now been clearly defined in the Participatory Governance Handbook. The process of creating the Handbook raised the awareness that there are established venues for dialogue about establishing or changing policies, procedures, and operating agreements within our District. The dialogue and collaboration engendered by the process of review, as much as the governance structure itself, has promoted greater trust and communication among all constituent groups, and certainly among the leadership groups at Moorpark College. There is an understanding that the changes to the Handbook were intended to create venues for two-way communication and to expand opportunities for input. Increasingly there is an understanding of the obligations that accompany representation on these participatory committees. (C4-01, C4-02) The changes made to the structure are in the implementation stages, and we look forward to seeing the efficacy of these changes. As mentioned in each of the above recommendations, the extensive work has been done in reviewing the delineation of functions, governance structures, policies and procedures, and strategic planning. The primary impact on the College is the emergent trust and heightened understanding of shared goals and values.

In practical terms, the addition of “Business Tools” to accompany “HR Tools,” and the changes in hiring and field trip practices are all indications that college feedback is being heard and implemented. (C4-03)

Report on District Recommendation #5

Recommendation:

In order to meet the Standard, the Board of Trustees shall complete an analysis of its self assessment pursuant to Board Policy 2745 and formally adopt expected outcomes and measures for continuous quality improvement that will be assessed and reported as a component of the immediately succeeding self-assessment. (IV.B.1.g)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

District Recommendation 5 has been addressed to a considerable extent. The team found the District Board of Trustees initiated an annual self-assessment activity and has made significant progress in improving its self-evaluation process through the inclusion of objectives and outcome measures. However, the improvement component of the process will remain incomplete until the newly-developed measurable objectives for 2011-12 are analyzed during the annual Board self-evaluation session scheduled for May/June 2012. The team recommends the Board complete the self-evaluation process as scheduled and ensure the self-assessment activity is conducted on a yearly basis.

Update:

To fully meet this recommendation, the Board of Trustees reviewed its self-assessment instrument and made improvements to its content (D5-01). Further, the Board implemented an ongoing self-evaluation process and completed the annual Board self-evaluation in advance of its June 26, 2012 Board Planning Session – Part One in accordance with Board Policy/Administrative Procedure 2745 Board Self-Evaluation (D5-02). The Board also formally adopted outcomes and measures of its performance, and the assessment of those outcomes was an integral part of the annual assessment. An external constituent assessment of the Board in the form of a survey to the Consultation Council was established per Board Policy/Administrative Policy 2745 as part of the Board’s annual self-assessment process (D5-03). This year’s external assessment results were discussed as part of the Board self-evaluation at the June 26, 2012 Board Planning Session – Part One (D5-04). The annual self-assessment process included the following activities:

- At its January 17, 2012 Board Meeting, the Board adopted revised Board Policy 2745 Board Self-Evaluation to include Board meeting monthly assessment findings to strengthen its self-evaluation process in evaluating Board Performance Goals (D5-05).

- The Board again amended Board Policy 2745 Board Self-Evaluation on March 13, 2012 to include language regarding an annual Board self-assessment process to further align Board Policy 2745 to District Recommendation 4 (D5-06). The Board members also signed a Best Practices Agreement to ensure they adhere to their role
and responsibilities and their obligations to follow policies and administrative procedures as well as continue to participate in professional development activities.

- On June 19, 2012, the Board accepted Board Administrative Procedure 2745 Board Self-Evaluation as aligned with Board Policy 2745 to include the Consultation Council feedback through a Board Evaluation distributed electronically to the Consultation Council members during the Board’s annual self-evaluation process (D5-07).

- In May 2012, the Board implemented its annual ongoing self-evaluation process per Board Policy/Administrative Procedure 2745. The Board of Trustees received the 2012 self-evaluation survey in electronic format for completion (D5-08) through the Chancellor’s Office, and the Consultation Council members were provided an opportunity to complete the Board Evaluation survey electronically (D5-09) through the Chancellor’s Office. The Board Survey was designed to gather feedback regarding Board Performance Goals, general evaluation, and individual Trustee reflective perspective. Participants were asked to indicate his/her opinions using a rating scale of “agree,” “partial agreement,” “disagree,” or “don’t know.” An option to provide comments was provided. The full Board and 18 of 21 Consultation Council Members completed the survey.

- The annual summative Board self-evaluation was conducted at the Board’s June 26, 2012 Board Strategic Planning Session – Part One (D5-10). Purpose/Expected outcomes included evaluating Board performance; identifying and discussing areas for strengthening Board performance; incorporating identified areas in need of improvement into existing Board Performance Goals; and adopting updated Board Performance Goals.

The Board’s self-evaluation process included discussion of significant findings from a summary of the Board’s Monthly Meeting Assessments (D5-11) and a discussion of the results of the Board’s Annual Self-Evaluation and Consultation Council Evaluation of the Board (D5-12). Significant findings suggesting areas of improvement included trustee involvement in operational matters; need for additional Citizens Advisory Body meetings; need for more information in staff reports; and need for strengthened parliamentary practice. Findings also reflected full Board’s agreement in spending appropriate time preparing for meetings; actively participating in meetings; unified support of Board decisions; maintaining confidentiality; and disclosing actual and/or perceived conflicts of interest. Points of Board discussion based on the Consultation Council’s general evaluation feedback included the Board’s adherence to its policy-making role; ensuring assessment of formal communication with constituents; involving community members in strategic planning; acting as a cohesive unit and taking responsibility for the Board’s collective performance; complying with the Board’s Code of Ethics; avoiding engagement in operational matters; evaluating strategic planning; supporting the Chancellor; and understanding accreditation.
• Following Board discussion on June 26, 2012, Trustees assessed the Board’s progress in achieving performance goals and considered significant findings in the review and update of 2011-12 Board Performance Goals (D5-13). The Board agreed upon recommendations for improvement and renewed the Board’s commitment to continue to strengthen Board performance in areas including the Citizens Advisory Body, community outreach, professional development, and maintaining the Board’s policy-making role.

• At the August 9, 2012 Board Strategic Planning Session – Part Two, the full Board formally adopted its updated 2012-13 Board Performance Goals incorporating 10 measurable activities designed to strengthen Board performance (D5-14).

• Following the August 9, 2012 Board Strategic Planning Session – Part Two, the Board of Trustees completed an assessment for the planning session meetings of June 26 and August 9, 2012 to ensure continuous quality improvement and effectiveness. Findings were provided for Trustee discussion at the September 11, 2012 Board meeting (D5-15).

There is evidence that the self-evaluation process for the Board to assess board performance is clearly defined in Board Policy 2745, and all members of the Board of Trustees completed an analysis of its self-assessment and have formally adopted purpose/expected outcomes and measures for continuous quality improvement. In part, the Board also accepted the survey results from the Consultation Council and has incorporated the findings into their goal setting and performance enhancement activities.

In adopting the Board Performance Goals, conducting the continuous self-assessment activities, and reviewing and improving the self-assessment instrument, the Board has demonstrated a heightened vigilance toward self-reflection and continuous quality improvement. The new assessment is focused upon Board performance as related to their leadership and policy-making roles (IV.B.1.g).

**College Activities and Impact**

Recommendation 5 requires remediation from the Board of Trustees regarding board self-assessment and improvement. For the College leadership attending the Board meetings, the Board’s interest in continuous improvement is evident in its professional development activities and study sessions. Further, the Board’s interest in receiving feedback about their performance from Consultation Council is encouraging, and is in itself evidence of improvement. At the College level, the Senates and the Administration are communicating the work of the Board in this area; many in the general College community are aware that the Board is making strides to understand its role as a policy-making body.

Report on District Recommendation #6

Recommendation:

In order to meet the Standards, the Board of Trustees shall establish clearly written policies and corresponding procedures to ensure that decision-making is administered by staff in an equitable and consistent manner across and within the three Colleges. (III.A.3.a, III.A.4.c, IV.B.1.b-c)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

This recommendation has been partially addressed. The team found substantive District and College progress in developing consistent decision-making processes and positive efforts in responding to District Recommendation 6. The team recommends the Board and appropriate bodies continue their work in resolving uniform practice concerns and communicate to all constituencies the decision-making protocols and standard operating procedures.

Update:

To fulfill District Recommendation 6, the District administered a three-pronged strategy to ensure Board established policies and administrative procedures are administered District-wide in an equitable and consistent manner:

1. Board policies and administrative procedures are reviewed on a two-year cycle with constituent input to ensure clarity and appropriateness in field implementation.

2. The Functional Mapping narrative in the Participatory Governance Handbook makes explicit the delineation of functions between the District and Colleges and clarifies where District/College sites have discretionary decision-making over operations and where uniformity in practice is mandated (D6-01).

3. Formal communication channels are utilized to ensure Board policies and procedures are communicated to District-wide constituents.

The two-year policy/procedure review cycle calendar implemented in March 2011 is being vigorously adhered to (D6-02) as evidenced by significant activity undertaken by the Policy Committee of the Board (D6-03) and the subsequent placement of proposed, reviewed and/or revised policies and administrative procedures on the monthly Board of Trustees agendas for action or information (D6-04).

District Board policies and administrative procedures have been reviewed and analyzed consistently with constituent input on the two-year cycle through governance bodies, including District Council on Student Learning (DCSL); District Technical Review
Workgroup (DTRW); District Council on Human Resources (DCHR); District Council on Administrative Services (DCAS); District Consultation Council; and Chancellor’s Cabinet. Governance groups maintain meeting notes that include policy/administrative procedure actions and recommendations taken during committee meetings (D6-05). Policy and administrative procedure review related to academic affairs and student services by newly-formed District Council on Academic Affairs (DCAA), District Technical Review Workgroup-Instruction (DTRW-I), and District Technical Review Workgroup-Student Services (DRTW-SS) began in September 2012.

To address policies and procedures that may impede operational effectiveness or result in uniform practice concerns, policy/procedure review and recommended changes follow the newly implemented “VCCCD Governance: Advisory and Recommendation Pathways” outlined in the Participatory Governance Handbook (D6-06) to ensure broad-based constituent input, consistency, and appropriate application across the District and Colleges. The Functional Mapping narrative in the Participatory Governance Handbook explains the delineation of functions between the District and Colleges and clarifies where District/College sites have discretionary decision-making over operations and where uniformity in practice is mandated (D6-07).

As of November 2011, the following policy and administrative procedure modifications occurred as a result of dialogue by governance groups and constituent feedback to ensure uniform application across the District/Colleges (D6-08):

- In August 2012, the District launched a website for “Business Tools, Forms, and Procedures,” a SharePoint site for employee access. The site includes frequently used District-wide forms in fillable field format; detailed procedures in some areas of Accounting, Accounts Payable, Payroll, Information Technology, Purchasing, Risk Management, Police/Parking Services, and Contracts and Grants, including the specific Administrative Procedure 3280 for the completion of grant applications. “Business Tools” is designed to facilitate the consistent District-wide application of procedures. In order to respond to user needs and input, a dedicated link is provided for faculty and staff to submit feedback and/or suggestions via the site. To achieve continuous quality improvement, the site will be expanded in 2012-2013 to incorporate additional procedures, forms, and enhancements based on user suggestions. This process of regular updates will continue based on user input.

- In conjunction with faculty and staff, a Field Trip/Excursion electronic workflow process was developed in response to faculty needs. Staff and faculty with extensive experience in field trips worked during summer 2012 to develop the workflow. The workflow was implemented in August 2012 by a small number of key faculty from throughout the District to ensure a thorough testing and application of the process. The District Director of General Services provided an overview of the process to interested faculty during Fall 2012 Flex Days at all three Colleges. This process will be refined with additional faculty input.
Governance committees and District/College constituents serving on governance committees are provided opportunities to review, analyze, and recommend suggestions for modification of policies/procedures under review that may present potential impediments or uniform application concerns in District/College departments. Committee members understand they attend meetings to represent constituent groups at a College or the District Administrative Center and serve as a conduit for information and catalyst for discussion and topics raised by District groups and within the constituent groups (D6-09).

To improve communication between Chancellor’s Cabinet and governance committees, actions taken in Chancellor’s Cabinet regarding policies and procedures are recorded in Chancellor’s Cabinet meeting notes, and the Office of Administrative Relations notifies the Chair/Co-Chairs of the appropriate governance committees of actions taken in Chancellor’s Cabinet (D6-10). In addition, through spring 2012, the Director of Administrative Relations attended DCSL and DTRW meetings as a guest to assist in maintaining consistent communication regarding review of policies and administrative procedures.

All Board policies and administrative procedures are monitored and tracked using a “Policy/Procedure Review Master Tracking Document” (D6-11) by the Director of Administrative Relations, Chancellor’s Office, and all active Board policies and procedures are available to District/College constituents and the public electronically via the District website at www.vcccd.edu (D6-12). Constituents are provided District contact information on the District website for questions or requests related to policy and administrative procedures. A hard copy master binder of all active Board policies and procedures is also maintained in the Office of Administrative Relations, Chancellor’s Office.

District Council on Accreditation and Planning (DCAP) is identifying additional effective measures to capture further feedback from District/College constituents, analyze collected data for potential impediments, and continue modifying operating practices to ensure equitable decision-making and consistency across the District/Colleges. One measure identified and developed by DCAP included a survey designed and implemented in September 2012 that collected feedback from employees about ways to improve the flow of information to and from the District through formal channels of the committee and governance structure and to identify any policies or procedures that need clarification or that are difficult to implement in practice or that remain problematic. Results of the newly-implemented annual survey will be discussed at District Consultation Council in October 2012, summarized in the October 2012 Chancellor’s Monthly Update, and distributed to employees, students, and Community Advisory Body members (D6-13).

The District has consistently addressed the delineation of roles and responsibilities of the Chancellor and the Board of Trustees as stated in Board Policy 2434. The Board delegates fully the responsibility and authority to the Chancellor to implement and administer Board policies without Board interference and holds the Chancellor accountable for the leadership and operation of the District and the Colleges (III.A.3.a. and III.A.4.c). The Board continues to be cognizant and diligent in its responsibility for educational quality, legal matters, and financial integrity (IV.B.1.b-c).
College Activities and Impact

As with Recommendation 3, the establishment of the review cycle of BPs and APs affected the College positively in multiple ways. The regular review cycle is ensuring that BPs and APs are live documents that can be modified to help us better serve students. This change in perspective on the part of the College is empowering in itself. There is growing understanding at the College not only that the review cycle allows for regular input, but also that the College has influence in the construction and interpretation of the policies and procedures. The review cycle allows for a broader understanding of the intent, which in turn allows for more consistent and equitable implementation. In this, decision-making is more sure-footed and consistent.

As mentioned above, there has been a palpable increase in impetus to seek out local input, which is gladly given. This input has been taken into consideration and implemented in many cases. This extends from BPs and APs to business practices. Various venues and examples of College input are cited in Recommendation #2, in particular, noted in evidence from C2-01 to C2-06.

In the Human Resources area, the AP for hiring academic leadership is being changed to increase the committee numbers and broaden the membership of the hiring committees as requested. Final selection in the local hiring process has reverted to being a local decision, and the paperwork-intense hiring practices for part-time faculty is under review. These changes in AP and operations processes are approaching the implementation and/or review stages, and direct impact on day-to-day operations is anticipated. The fact that the changes are underway affords a greater sense of empowerment and trust. In the Business areas, the “Business Tools” site that mirrors the function of “HR Tools” allows on-line access to business forms but also contains instructions and clarification of processes. For the College, this is a powerful teaching tool to learn our business processes. It also provides direct access to information and forms needed in daily operations. Having been launched this August, the on-the-ground impact is expected to be measurable by the end of the Fall semester. The excitement regarding the easy access to forms and instructions is noticeable among those who use them the most. Also in the Business areas, the dramatic change in the streamlining of Field Trip forms and process has been felt and appreciated on campus. These changes have created an exceptionally wide invitation for input and vetting. This review process, conducted with efficiency and effectiveness in mind, has engendered an incipient pride of ownership and empowerment around a formerly much-maligned process. Report on District Recommendation #7

Recommendation:

In order to meet the Standards, the Board of Trustees shall assess its actions in relation to its policy making role and implement a program for ongoing Board member professional development to enhance and improve the demonstration of its primary leadership role in assuring the quality, integrity, and effectiveness of the student learning programs and services delivered by the District Colleges. (IV.A.3, IV.B.1. e-g)

Conclusion (from ACCJC Follow-Up Visit Evaluation Report from October 31 to November 1, 2011 report):

Based on the limited extent of time and current evidence provided, the team finds that District Recommendation 7 has been fully addressed. However, the team remains concerned about the consistency and long-term sustainability of the Board’s demonstration of its primary leadership role and reiterates its recommendation for ongoing professional development for all Board members. The team encourages the Board to continue its professional growth related to Board roles and responsibilities, governance, organizational effectiveness and ethics, and recommends the Board be vigilant in assessing and monitoring its actions to ensure clear and effective policy and decision-making.

Update:

In response to the accrediting team’s recommendation, the Board of Trustees committed to ongoing professional development as evidenced by Board Policy/Administrative Procedure 2740 Trustee Professional Development (D7-01) and Best Practices Agreement signed on March 13, 2012 (D7-02). To demonstrate its commitment and accomplish this goal, the Board developed and adopted a “Professional Development 2012/2013 Calendar” of activities (D7-03). In spring 2012, the Board began assessing the effectiveness of its external professional development activities to ensure that the full Board is in concordance on the content and value of its development experience. In fall 2012, to further the Board’s professional growth related to Board roles and responsibilities, the Board integrated the evaluation of its internal professional development activities as part of its monthly Board meeting assessments.

Since November 2011, Trustees have participated in the following professional development activities (D7-04):

- Visit by Barbara Beno, Ph.D., President, Accrediting Commission for Community and Junior Colleges (ACCJC), 11.08.2011

• Parliamentary Procedure Training Presentation by Mary Dowell, Attorney, Liebert, Cassidy, and Whitmore, 12.13.2011

A majority of Board professional development activities are based on “Board and CEO Roles, Different Jobs, Different Tasks,” provided by the Community College League of California (D7-05). Activities provided on the District premises will be attended by the full Board, with the exception of excused absences requiring action by the Board. Off-site activities requiring travel will be attended by a minimum of one or two Board members on behalf of the full Board. Board members attending off-site activities will provide a verbal report to the full Board during a regularly-scheduled Board meeting to communicate the value of the professional development experience. Effective summer 2013, the Board, through its annual planning session, will evaluate a summary of its professional development activity assessments to ensure continued growth related to roles and responsibilities, governance, effective policy and decision-making, organizational effectiveness, and ethics.

By reviewing the professional development activities listed above and attended by the members of the Board of Trustees and their commitment to the 2012-13 year activities, it is evident that the Board members are committed to participating ongoing professional development to enhance and improve the demonstration of their primary leadership role in assuring the quality, integrity, and effectiveness of the student learning programs and services delivered by the District and its three Colleges. Furthermore, the Board of Trustees has taken action to ensure that it reviews its members own ethical behavior and has procedures in place to advise, warn, sanction, and censure members regarding their conduct (IV.A.3, and IV.B.1.e-g).
College Activities and Impact

As with Recommendation 5, Recommendation 7 requires remediation from the Board of Trustee regarding the Board’s leadership, policy-making, and professional development. For the College leadership attending the Board meetings, the Board’s interest in continuous improvement is evident in the professional development activities and study sessions. Further, the Board’s interest in receiving feedback about their performance from Consultation Council is encouraging, and is in itself evidence of improvement. (C7-01) At the College level, the Senates and the Administration are communicating the work of the Board in this area; many in the general College community are aware that the Board is making strides to understand its role as a policy-making body. In an effort to assist the Board in furthering its understanding of its role as a policy-making body and of the importance of the addressing the district’s accreditation recommendations, Moorpark College’s Academic Senate President addressed these matters extensively in numerous reports to the Board from January 19, 2011 to mostly recently on September 11, 2012. (C7-02) Both the College President and the Academic Senate President, in conjunction with the Oxnard and Ventura Senate Presidents, delivered professional development presentations to the Board. (C7-03, C7-04) These presentations addressed Integrated Planning, the Role of the Academic Senate and the Program Discontinuance process.

Response to Commission Concern on Board Governance

Commission Concern as stated in Commission Action Letter dated July 2, 2012:

The team report confirmed that board development activities had been provided and all board members were encouraged to attend. At the same time, the team expressed concern about the consistency and long-term sustainability of the Board’s demonstration of its primary leadership role and reiterates its recommendation for evidence of ongoing professional development for all Board members. Specifically, the Commission notes a particular board member’s disruptive and inappropriate behavior and the entire board’s responsibility to address and curtail it. (Eligibility Requirement 3; Standard IV.B.1.g, h, i)

The Commission also notes that the continued behavior and non-compliance of the District jeopardizes the accreditation of the VCCCD colleges.

Conclusion (from ACCJC Follow-Up Visit Evaluation Report of Commission Concern from April 16, 2012 report):

The team acknowledges the systematic work that the Board of Trustees and Chancellor have made in addressing the Commission Concern. The Board has recognized and taken seriously that, by their lack of control of how they operate as a Board and exercise their roles and responsibilities as individual Board members, they have jeopardized the accreditation status at each of the three colleges within the VCCCD.

It is evident that even though the Trustee has blatantly and consistently violated the role of a Trustee, the entire Board has failed to respond in a decisive and timely manner to curtail the Trustee’s inappropriate behavior. The actions that the Board has taken to refine and improve the policies and procedures governing their actions provide the framework for the Board to function effectively. The question remains as to whether or not the Board Chair and other members of the Board can sustain a successful application of the policies and procedures in a way that does not distract the attention of the Board from fulfilling its duties.

The fact that the Trustee maintains an office on the Oxnard College campus by means of a facility use contract with the Trustee’s employer clearly complicates the matter. The Trustee’s presence on campus has caused a disruptive influence on the ability of the College President to conduct his business without interference. With the Trustee’s access to staff and facility on campus, selective contact is exercised with individuals to accomplish the Trustee’s own agenda and not that of the entire Board of Trustees.

Eligibility Requirement 3. In order to meet this requirement, the Board needs to demonstrate a consistent and sustainable ability to effectively function as a Board in carrying out its responsibility for the quality, integrity, and financial stability of the District and for ensuring that the District’s mission is being carried out. The individual members of the Board must demonstrate their ability to operate impartially on all matters relative to District business to secure and ensure the academic and fiscal integrity of the District.
Standard IV.B.1.g: The Board reviewed BP 2745 and modified its self-evaluation instrument following the comprehensive visit in November 2011. The follow-up team reported in its November 201[1] report that the Board had developed objectives and eleven measurable activities for the 2011-2012 academic year, and an evaluation and analysis of achievement of these outcomes would occur at a Board session in May/June 2012. With the completion of this cycle and assessment of this process, compliance with this Standard would be met.

Standard IV.B.1.h: The Board took serious action to revise and strengthen BP 2715 to more clearly identify expected behavior displayed by each member of the Board of Trustees. It further added language that identified various forms of sanction that could be administered in the event of a violation of this Board policy. The Board should be commended for taking this action. To meet compliance with this Standard, the Board will need to provide evidence that this change in Board policy has improved the behavior of the Board, and there is a track record of the Board implementing this process.

Standard IV.B.1.i: The Board has demonstrated that it has a desire to be informed and involved in the accreditation process. The evidence of its study session with ACCJC staff in November 2011, its special Board meeting in February 2012 to investigate the Commission Concern and map out a plan of action, and its request for an additional technical support session with ACCJC staff in May 2012 help support this. However, to be compliant with this Standard the Board will need more time to demonstrate fully its actions to sustain its efforts to be fully engaged with all aspects of the accreditation process.

Update:

Board Acknowledgement of Commission Concern and Commitment to Reach Compliance

As evidenced by the Board’s March 15, 2012 Commission Concern Special Report (CC-01), the Board of Trustees acknowledged the need to address the Commission’s Concern regarding Board governance and implemented a systematic approach in responding to the Commission Concern. Activities and actions included the following:

- held a February 22, 2012 Special Board Meeting to determine an immediate course of action in response to the Commission’s February 2, 2012 action letter;
- accepted “Ground Rules” for all Board and Board committee meetings as defined by the ACCJC;
- reviewed California Community College League “Board and CEO Roles, Different Jobs, Different Tasks” and agreed upon implementing professional development activities to clearly delineate Board roles within a scope of best practices;
- discussed the Association of Community College Trustees “Role of a Trustee” and the California School Board Association’s “Professional Governance Standards”;

45
• reviewed policies and administrative procedures related to Board roles and responsibilities (i.e., BP 2200 Board Duties and Responsibilities; BP 2430 Delegation of Authority to CEO; BP 2434 Chancellor’s Relationship with the Board; BP 2715 Board Code of Ethics/Standards of Practice; AP 2715-A Code of Ethics; AP 2715-B Standards of Practice; BP/AP 2720 Board Member Communication; BP/AP 2740 Trustee Professional Development; BP/AP 2745 Board Self-Evaluation) and agreed to further strengthen and align policies to accreditation standards;

• committed to adhere to Board policies and procedures and hold all Board members accountable to provisions contained within Board policies and procedures;

• committed to participate in Board professional development activities at least once per quarter; and

• developed and executed a Board of Trustees Best Practices Agreement on March 13, 2012 under Board Policy 2715 Board Code of Ethics/Standards of Practice.

Board’s Role and Board Member Mutual Responsibility to Monitor for Compliance

In complying with Standard IV.B.1.h., the Board has taken significant action since its March 15, 2012 Commission Concern Special Report and the April 16, 2012 visit by the Accrediting Commission evaluating team. In response to the Commission’s Concern regarding a particular Trustee’s role violations and the Board’s lack of addressing and curtailing the Trustee’s behavior, Board members recognized the need to actively utilize its improved policies and procedures to govern the actions of the entire Board to function effectively. One specific action taken by the Board of Trustees on June 19, 2012 to strengthen Board Policy 2715 Board Code of Ethics/Standards of Practice and Administrative Procedure 2715-A Board Code of Ethics was to include an opportunity for constituents to make verbal complaints in addition to written complaints as stated in the original Board Policy 2715 (CC-02).

Evidence of improved Board behavior was demonstrated when Board Policy 2715 Board Code of Ethics/Standards of Practice and Administrative Procedure 2715-A Board Code of Ethics were invoked by the Board on August 9, 2012 as a result of a verbal statement made by the Board Vice Chair at the July 10 Board Meeting regarding his perception of the April 16, 2012 Follow-Up Visit Evaluation Report of Commission Concern and July 2, 2012 Accrediting Commission’s Action Letter to VCCCD and its Colleges (CC-03). The Board Chair immediately addressed the Vice Chair’s verbal statement which violated the March 13, 2012 Board of Trustees Best Practices Agreement (CC-04) and took action on the matter in accordance with BP 2715/AP 2715-A Board Code of Ethics/Standards of Practice (CC-05) as follows:
• Alleged violation was addressed initially and immediately by the Board Chair.

• Upon a finding of sufficient cause, the Board Chair and the Interim Chancellor met with the Vice Chair to discuss the alleged violation and to seek resolution.

• Upon reaching resolution, the Board Chair provided during public Open Session on August 9, 2012 a verbal statement on behalf of the Board regarding the Trustee’s misconduct.

• In response, the Board Vice Chair provided a verbal statement of clarification and apology related to his verbal statement made at the July 10, 2012 Board meeting and expressed full commitment in support of the Board.

Board Policy 2715 Board Code of Ethics/Standards of Practice and Administrative Procedure 2715-A Board Code of Ethics were invoked on one other occasion following an inappropriate remark made by a Trustee in March 2012. Upon findings of sufficient cause, the Board Chair met with the Trustee to discuss the alleged misconduct and reached resolution. As a result, the Trustee issued an apology to the affected individuals, and the matter was deemed as resolved (CC-06).

To clarify one Trustee’s role and presence on the Oxnard College campus, the Trustee submitted a letter dated September 18, 2012 for the record, describing his job responsibilities with the Ventura County Human Services Department and attesting to the fact that he conducts no direct business with Oxnard College personnel as a result of the proximity of his assigned work space to the College environment (CC-07).

**Board Self-Assessment and Continuous Improvement**

In order to comply with Standard IV.B.1.g, the Board of Trustees reviewed its self-assessment instrument and made improvements to its content (CC-08). Further, the Board implemented an ongoing self-evaluation process and conducted the annual summative Board self-evaluation at the June 26, 2012 Board Planning Session – Part One in accordance with Board Policy/Administrative Procedure 2745 Board Self-Evaluation (CC-09). The Board also formally adopted outcomes and measures of its performance, and the assessment of those outcomes was an integral part of the annual assessment. An external constituent assessment of the Board in the form of a survey to Consultation Council was established per Board Policy/Administrative Policy 2745 as part of the Board’s annual self-assessment process (CC-10). This year’s external assessment results were discussed as part of the Board self-evaluation at the June 26, 2012 Board Planning Session (CC-11). The annual self-assessment process included the following activities:

• At its January 17, 2012 Board Meeting, the Board adopted revised Board Policy 2745 Board Self-Evaluation to include Board meeting monthly assessment findings to strengthen its self-evaluation process in evaluating Board Performance Goals (CC-12).
• The Board again amended Board Policy 2745 Board Self-Evaluation on March 13, 2012 to include language regarding an annual Board self-assessment process to further align Board Policy 2745 to District Recommendation 4 (CC-13).

• On June 19, 2012, the Board accepted Board Administrative Procedure 2745 Board Self-Evaluation as aligned with Board Policy 2745 to include Consultation Council feedback through a Board Evaluation distributed electronically to Consultation Council members during the Board’s annual self-evaluation process (CC-14).

• In May 2012, the Board implemented its annual ongoing self-evaluation process per Board Policy/Administrative Procedure 2745. The Board of Trustees received the 2012 self-evaluation survey in electronic format for completion (CC-15) through the Chancellor’s Office, and Consultation Council members were provided an opportunity to complete the Board Evaluation survey electronically (CC-16) through the Chancellor’s Office. The Board Survey was designed to gather feedback regarding Board Performance Goals, general evaluation, and individual Trustee reflective perspective. Participants were asked to indicate their opinions using a rating scale of “agree,” “partial agreement,” “disagree,” or “don’t know.” An option to provide comments was provided. The full Board and 18 of 21 Consultation Council Members completed the survey.

• The annual summative Board self-evaluation was conducted at the Board’s June 26, 2012 Board Strategic Planning Session – Part One (CC-17). Expected outcomes included evaluating Board performance; identifying and discussing areas for strengthening Board performance; incorporating identified areas in need of improvement into existing Board Performance Goals; and adopting updated Board Performance Goals.

The Board’s self-evaluation process included discussion of significant findings from a summary of the Board’s Monthly Meeting Assessments (CC-18) and a results discussion of the Board’s Annual Self-Evaluation and Consultation Council Evaluation of the Board (CC-19). Significant findings suggesting possible areas of improvement included trustee involvement in operational matters; need for additional Citizens Advisory Body meetings; need for more information in staff reports; and need for strengthened parliamentary practice. Findings also reflected full Board agreement in spending appropriate time preparing for meetings; actively participating in meetings; unified support of Board decisions; maintaining confidentiality; and disclosing actual and/or perceived conflicts of interest. Points of Board discussion based on Consultation Council general evaluation feedback included the Board’s adherence to its policy-making role; ensuring assessment of formal communication with constituents; involving community members in strategic planning; acting as a cohesive unit and taking responsibility for the Board’s collective performance; complying with the Board’s Code of Ethics; avoiding engagement in operational matters; evaluating strategic planning; supporting the Chancellor; and understanding accreditation.
Following Board discussion on June 26, 2012, Trustees assessed the Board’s progress in achieving performance goals and considered significant findings in the review and update of 2011-12 Board Performance Goals (CC-20). The Board agreed upon recommendations for improvement and renewed the Board’s commitment to continue to strengthen Board performance in areas including the Citizens Advisory Body, community outreach, professional development, and maintaining the Board’s policy-making role.

At the August 9, 2012 Board Strategic Planning Session – Part Two, the full Board formally adopted its updated 2012-13 Board Performance Goals incorporating the following 10 measurable activities designed to strengthen Board performance (CC-21):

1. Continue to strengthen Board performance through training in best practices by the Accrediting Commission of Community and Junior Colleges ACCJC.

Following the August 9, 2012 Board Strategic Planning Session – Part Two, the Board of Trustees completed an assessment for the planning session meetings of June 26 and August 9, 2012 to ensure continuous quality improvement and effectiveness (CC-22). Findings were provided for Trustee discussion at the September 11, 2012 Board meeting.

**Professional Development Focus on Accreditation: Eligibility Requirement 3 and Accreditation Standard IV**

In order to comply with Standard IV.B.1.i, the Board of Trustees committed to and participated in ongoing professional development as evidenced by Board Policy/Administrative Procedure 2740 Trustee Professional Development (CC-23) and Best Practices Agreement (CC-24). To demonstrate its commitment and actions to sustain its efforts to be fully engaged with all aspects of the accreditation process, the Board developed and adopted a “Professional Development 2012/2013 Calendar” of activities (CC-25) that also includes professional development activities in the area of accreditation. Since November 2011, Trustees have participated in the following professional development activities involving the accreditation process (CC-26):

Future professional development activities related to the accreditation process include a Technical Assistance Visit (AB 1725) scheduled for January 2013; Community College League of California, Effective Trustee Workshop, January 2013; and a presentation/study session regarding the Board’s role in strategic planning to be held in April 2013. Activities provided on VCCCD premises will be attended by the full Board, with the exception of excused absences requiring action by the Board. Off-site activities requiring travel will be attended by a minimum of one or two Board members on behalf of the full Board. Board members attending off-site activities will provide a verbal report to the full Board during a regularly-scheduled Board meeting to communicate the value of the professional development experience. Effective summer 2013, the Board, through its annual planning session, will evaluate a summary of its professional development activity assessments to ensure continued growth related to roles and responsibilities, governance, effective policy and decision-making, organizational effectiveness, accreditation, and ethics.

At its August 14, 2012 meeting, the Board formally established the Planning, Accreditation, and Communication (PAC) Committee (CC-27). PAC ensures that District and College planning is comprehensive and meets organizational and community needs, as well as Accrediting Commission Standards. The committee also reviews, tracks District practices and activities for alignment with Accrediting Commission Standards, and receives reports on college progress toward meeting Accrediting Commission Standards. PAC ensures the Board is informed regarding all accreditation matters within the District, and that Board communication is ongoing, timely, transparent, and meets organizational and community needs. PAC met on September 6, 2012 and emphasized the importance of including accreditation-related items for full Board discussion at the September 21, 2012 Board of Trustees Retreat (CC-28).

To maintain successful application of policies and procedures, to ensure the Board continues to fulfill its primary leadership role, and to meet the Eligibility Requirement 3 Accreditation Commission Standard IV, the Board and Chancellor have scheduled a special September 21, 2012 Board Retreat (CC-29) to develop additional strategies that will build and sustain stronger formal communication, accountability, enhance working relationships between
Trustees and between Trustees and the Chancellor aligning with Board Policy 2434 Chancellor’s Relationship with the Board (CC-30), and to ensure Trustees adhere to their conflict of interest policy and that they do not interfere with the impartiality of other trustees or outweigh the greater duty to secure and ensure the academic and fiscal integrity of the institution.
