### Prerequisites, Corequisites & Other Conditions

Many courses at Moorpark College have prerequisites, corequisites and other limitations on enrollment as stated in the Moorpark College Catalog.

### Enforcing Prerequisites

Prerequisites for Mathematics and English will be enforced prior to registration. Students need to follow the prerequisite and corequisite information provided for each course, since such requirements make certain students are prepared for the courses they take.

**Prerequisite Equivalency:** Students who have completed courses at another college or at the high school level that could be equivalent to the prerequisites needed to register for courses at Moorpark College should have official transcripts sent to the Counseling Office to expedite the review process. Students may also hand carry official (unopened) transcripts to the Counseling Office prior to registration. Transcripts should be reviewed by a counselor to verify college course equivalencies and to determine how high school courses meet the stated prerequisites. Additional documentation may also be required such as a course outline of a previously completed course. After review by a counselor a Prerequisite for Course Equivalency Form can be completed and signed and submitted to the Admissions and Records Office at the time of registration for the desired course.

**Challenge:** Students who believe they have met the prerequisite in ways other than through completing an equivalent course may file a Petition to Challenge. The petition outlines the specific reasons students may give for challenging a prerequisite or corequisite. Petition to Challenge forms and instructions are available from a counselor in the Administration Building.

### IMPORTANT DEFINITIONS

**Prerequisite:** Courses that must be completed with a grade of “C” or better prior to registration in a specific course.

**Corequisite:** A course a student is required to take simultaneously in order to enroll in another specific course.

**Recommended Preparation:** Courses or other work that is strongly suggested (but not required) to be completed prior to or in conjunction with a specific course.

**Conditions for Enrollment:** Other restrictions that are stated in some course descriptions such as “Proof of negative TB clearance is required.” (Child Development Course)

Beginning November 1, log onto www.moorparkcollege.edu/webstar to view your priority registration date.

Priority for continuing students is based on the number of units completed within the Ventura County Community College District. Students with the highest number of units are assigned the earliest registration dates. Units transferred from other institutions are not included for purposes of determining registration priority.

New & Returning Students: If you have never attended Moorpark, Oxnard, or Ventura College you are a new student. If you last attended any of these colleges before Spring 2004, you are a returning student.

New students who apply by November 30 or returning students who update their enrollment status with the Office of Admissions & Records by November 30, are eligible to register beginning December 6.

New and returning students who do not meet the November 30 deadline may register beginning December 9. No appointment is needed.

Special Admission Students: A Special Admission student is a student in grades K–12. Please refer to the section below for the Special Admission registration category that applies to you. Refunds/Credits: (Enrollment fees will be refunded minus a $10 Administration Fee.) In order to qualify for a refund or credit, a student must officially drop a class or withdraw from school by the appropriate refund deadline using one of the 5 methods described on page 90. The refund deadline for semester-length courses for the SPRING 2005 semester is JANUARY 21, 2005. Short-term classes have different refund deadlines that are specific to each short-term class. These deadline dates are available by contacting the Office of Admissions and Records.

Students who officially drop classes by the appropriate refund deadline will have their Moorpark College account credited and may then request a refund by the original payment method, or use the credited amount toward future registration fees. If you are dropped for nonpayment or nonattendance after the Refund/Credit deadline, you will be responsible for all fees owed. Refund request forms are available in the Student Business Office and the Office of Admissions and Records.

PLEASE NOTE: You must turn in your parking sticker in order to receive a parking refund.
