PREREQUISITES, COREQUISITES & OTHER CONDITIONS

Many courses at Moorpark College have prerequisites, corequisites and other conditions for enrollment as stated in the Moorpark College Catalog. The Ventura County Community College District’s computer system allows each campus to automatically track and enforce prerequisites.

Enforcing Prerequisites: Prerequisites for Mathematics and English will be enforced prior to registration. Students need to follow the prerequisite and corequisite information that is provided for each course, since such requirements make certain that students are prepared for the courses they take.

Prerequisite Equivalency: Students who have completed courses at another college or at the high school level that could be equivalent to the prerequisites needed to register for courses at Moorpark College should have official transcripts sent to the Counseling Office to expedite the review process. Students may also hand carry official (unopened) transcripts to the Counseling Office prior to registration. Transcripts should be reviewed by a counselor to verify college course equivalencies and to determine how high school courses meet the stated prerequisites. Additional documentation may also be required. After review by a counselor a Prerequisite for Course Equivalency Form can then be completed and signed and submitted to the Admissions and Records Office at the time of registration for the desired course.

Challenge: Students who believe they have met the prerequisite in ways other than through completing an equivalent course may file a Petition to Challenge. The petition outlines the specific reasons students may give for challenging a prerequisite or corequisite. Petition to Challenge forms and instructions are available from a counselor in the Administration Building.

REMEMBER: If you are verifying completion of prerequisites with transcripts from other schools, get those records officially on file at the Moorpark College Counseling Department as soon as possible!

IMPORTANT DEFINITIONS

Prerequisite: Courses that must be completed with a grade of “C” or better prior to registration in a specific course.

Corequisite: A course a student is required to take simultaneously in order to enroll in another specific course.

Recommended Preparation: Courses or other work that is strongly suggested (but not required) to be completed prior to or in conjunction with a specific course.

Conditions for Enrollment: Other restrictions that are stated in some course descriptions such as “Proof of negative TB clearance is required.” (Child Development Course)

The Get Started Guide to Financial Aid...

Think FAFSA First...Before you can receive any financial aid, you must file the Free application for Federal Student Aid (FAFSA) on-line at: www.FAFSA.ed.gov

Types of Financial Aid Available through FAFSA

**Pell Grants** (from $400 to $4,050 per year)
The Federal Pell Grant is free money for college and does not have to be repaid. It is offered to undergraduate students who meet financial need criteria. When you file the FAFSA form, the government determines what you and your family can afford to pay for college. They call this your Family Contribution. If your family qualifies (has a family income under a set amount per year), the Pell grant provides a “foundation” for your financial aid. The maximum amount of a Federal Pell Grant is adjusted annually to correlate with funding, so it varies from year to year. Pell Grants awards range from $400 to $4,050 a year.

**Cal Grants** (from $576 to $1551 per year)
California offers Cal Grants for undergraduate students who meet the financial, academic and eligibility requirements and apply on time. The award for most first-year Cal Grant B students is $1,551 and for Cal Grant C students is $576, and may be used for books, living expenses, and transportation, as well as tuition and fees. Students must complete the FAFSA and Cal Grant GPA verification form by September 2, 2005.

**Community College Fee Waiver**
The California Community College Board of Governors’ Enrollment Fee Waiver, or BOG Fee Waiver, waives the enrollment fees at the California Community Colleges for students who are eligible for need-based financial aid, receive CalWORKs/TANF, SSI or General Assistance payments or whose family income falls below the ceilings. Student must be a California resident.

[www.moorparkcollege.edu/financialaid](http://www.moorparkcollege.edu/financialaid)
**FSEOG Grants** (from $100 to $4,000 per year)
Federal Supplemental Educational Opportunity Grants (FSEOG) are federal grants. Colleges award between $100 and $4,000 per year to undergraduate students with exceptional financial need. Priority is given to Pell Grant recipients.

**Work Study**
The Work Study Program lets eligible students earn money through a job on campus to help defray college costs.

**Student Loans**
Federal Stafford Loans are for eligible students. There are two types: subsidized, for which the government pays the interest while students are in school; and unsubsidized, for which students are responsible for paying all the interest. Students can receive both types of loans at the same time.

**Parent Loans**
Federal Plus Loans help parents and stepparents pay their dependent's college costs. To apply, parents must complete a PLUS loan application and pass a credit check, and students must file the FAFSA.
