Courses Designated as Repeatable

A statement following the course description noting the repeatability of a course will specify the number of times an active participatory course or courses can be repeated. Students shall be permitted to enroll in no more than four semesters in an active participatory course in physical education, visual arts or performing arts that are “related in content” to other courses (Title 5, §55000(I)) of the courses that are similar in content.

Courses are related in content when the courses have “similar primary educational activities in which skill levels or variations are separated into distinct courses with different student learning outcomes for each level or variation.” Moorpark College has defined courses related in content as a “family of courses” for the following disciplines: Art, Dance, Kinesiology, Music and Theatre Arts.

(e.g., ART M20 Moorpark College Faculty has defined Art Fundamentals as a family of courses which includes ART M20, M23, M30, and M31. A student may take a maximum of four (4) courses from a family).
