RE: Program #0396

Previous Accreditation Status: 8 Years

Most Recent Site Visit: 02/2022

Dear Dr. Sokenu:

After review of the requested interim report, the continuing accreditation status of the associate degree radiography program sponsored by Moorpark College was considered at the May 20, 2026 meeting of the Joint Review Committee on Education in Radiologic Technology (JRCERT). The JRCERT is the only agency recognized by the United States Department of Education (USDE) and the Council for Higher Education Accreditation (CHEA) for the accreditation of traditional and distance delivery educational programs in radiography, radiation therapy, magnetic resonance, and medical dosimetry. Specialized accreditation awarded by the JRCERT offers institutions significant value by providing peer evaluation and by assuring the public of quality professional education in the radiologic sciences. The program was evaluated according to the **Standards for an Accredited Educational Program in Radiography (2021)**. The program documents compliance with all relevant Standards; therefore, the JRCERT awards:

MAINTENANCE OF ACCREDITATION FOR A PERIOD OF EIGHT YEARS.

The next site visit is tentatively scheduled for the First Quarter of 2030.

As identified in JRCERT Correspondence dated July 7, 2025, a progress report documenting the experiences and activities completed by the program director in pursuit of the qualifications identified in **Standard Three - Objective 3.2** and completion of the "New Program Official eLearning Plan" must be submitted no later than **July 7, 2026**.

The program is advised that consistent with JRCERT Policy 11.600, the JRCERT reserves the right to conduct unannounced site visits to accredited programs. The sponsoring institution would be responsible for the expenses of any onsite evaluation.
