

2020-2021 Program Planning Guiding questions for each Strategic Direction

1. Analyze data related to your program; based on this analysis identify possible actions to address this data. To do this:

- (1) Chose at least one metric from the Annual Work Plan within this Strategic Direction that your program will have a direct impact on, and
- (2) Describe how you will impact this metric.

A copy of the Annual Plan is provided below.

2. Describe how your program will contribute to the implementation of Guided Pathways. To do this:

- (1) Review the Annual Plan's goals within this Strategic Direction that are related to Guided Pathways, and
- (2) Describe how the work of your program relates to and will effect one of these metrics.
