

Moorpark College Mission:

With a “students first” philosophy, Moorpark College is dedicated to creating and serving a diverse community of global learners with innovative integration of instruction and student services. Through collaboration with local business and educational partners, Moorpark College is committed to student success and completion for basic skills, transfer, and career technical education.

Moorpark College Values Statement

We value:

Dialogue: Open and productive communication between all campus and community constituents in evidence-based decision making

Innovation: Responsive to the evolving needs of stakeholders, and using technology to enhance human development and connection

Responsibility: Commitment to lifelong learning, and the well-being of self, others and environment

Trust: Transparency, caring and collaboration in all interactions

Community: Embrace a shared commitment to the development of relationships among internal and external constituents to leverage resources

Equity: Recognize and respect individuals and perspectives through equal access and participation in the campus community

Citizenship: Promote purposeful and proactive involvement in a local and global society

Service: Enhance the quality of life of learners and promote a culture of giving back to the community
