## Q5 - How could the committee improve the effectiveness of completing its charge?

How could the committee improve the effectiveness of completing its charge?

---

By maybe explaining exactly what the committee is supposed to do. I feel like it's more a support group for program planning, and it seems to be rather important in its charter.

Starting on time

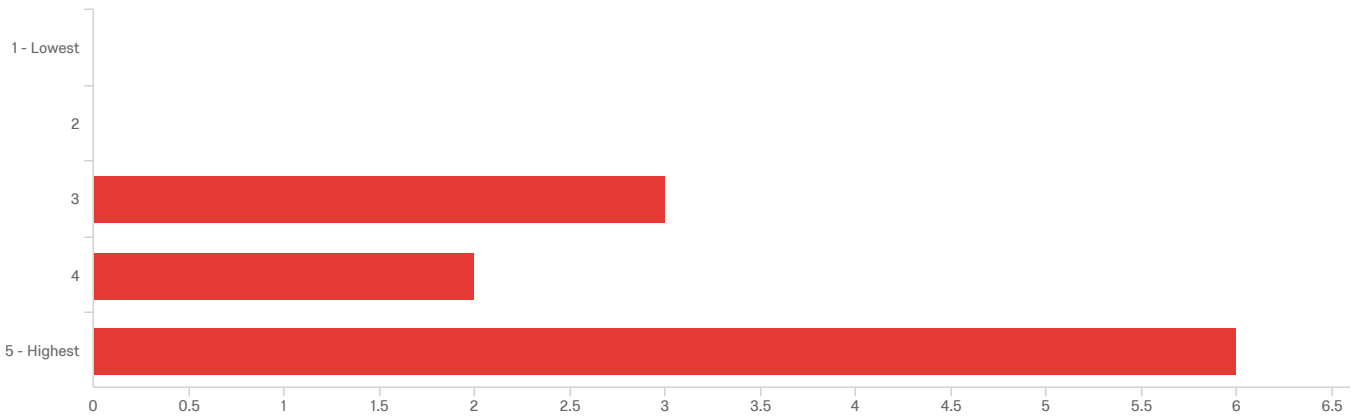

EdCAP is deciding on its future direction so this is a bit difficult to "grade".

I'm sure the committee and its leaders effectively led this charge; I was told I was to serve on this committee but never received an overview of its purpose and so felt a bit lost for the first semester. That said, the two Chairs seemed to be incredibly knowledgeable and managed meeting times well.

We do so much, but I am unsure what our charge is for right now.

How could the committee improve the value of its work?

See above.

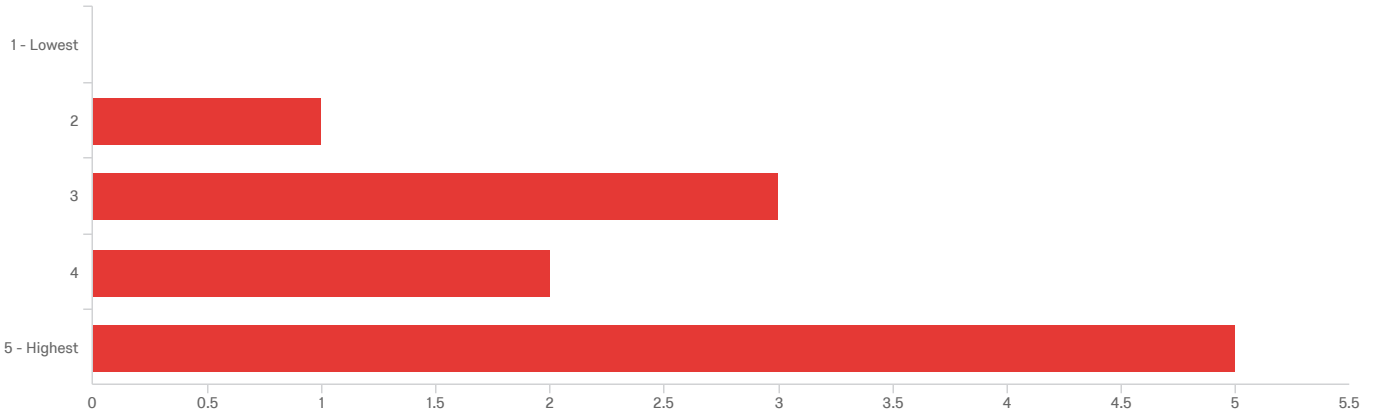

Help its members better understand the role its work does in relation to campus operations.

It does create valuable work but no outcomes are provided.

Be more timely in keeping to its agendas. There is so much to get through and sometimes the group exercises seem to take more time than are helpful.

Other comments?

EdCAP is one of the more effective committees on this campus. Its charge is large, yet incredibly important.

Thanks so much to Jennifer and Nathan - this has been a year of flux for EdCAP and I look forward to working on this under their leadership next year!
