### **IV) Academic Senate goals for 2019 – 2020**

Ideas for goals were raised by the general membership present, as follows:

- A. Acknowledge everyone's contribution to the college and their incredible work they put in to this institution. (Cynthia Minet)
- B. Improve the Dual-Enrollment Program. Have a brainstorming of ideas (meeting/gathering). (Jenna Patronete)
- C. Academic Center building – Technology new at the time it was built. It is not now. Both white boards and screens overlap in the front. For the ability to have effectiveness for pedagogy, the rooms need updated technology. (Jeff Kreil)
- D. Phones in the AC building – are they nonexistent? There is no (working) wifi for cell phone service. One day the class could not call out when they thought there was an emergency. Campus safety. (Nicole Block)
- E. Campus Center and Student Center: keep pushing for this. (Reet Sumal)
- F. Summer Session classes need to be acknowledged in a variety of areas, including years served and impact on faculty prioritization. (Lydia Etman) Prioritization for class load is a union matter; prioritization for full-time faculty requests is AS. (Nenagh Brown)
- G. Full time to Part time ratio. (Perry Bennett) Work pay and conditions are a union matter; however, the Academic Senate is involved in the Full-time Obligation Number. We can represent how this affects our teaching and students. (Nenagh Brown)
- H. Everyone is welcomed at the AS Council meetings. A great way to find out what goes on at our school. (Sydney Sims)
- I. Larger room is needed for council meetings. The smaller room can be intimidating. (Rena Petrello) We have moved to the CCCR. Come and visit; sit at the table and participate. (Nenagh Brown)
- J. Continue exploring how to better achieve integrated planning and suggestions we received from the IEPI visit and in our QFE on Program Planning. (Nathan Bowen)
