

## PROGRAM OF STUDY

### Biological Sciences Arts Degree A.A. Degree Major

To earn an Associate in Arts Degree with a major in Biological Sciences, students complete 36 specified units, plus General Education Degree Requirements. These major requirements optimize preparation for upper division course work for advanced degrees in Biology offered by four-year institutions. Since the course work in biology is sequential, students may spend less time earning an Associate and/or Bachelor's Degree by deferring some of the university general education requirements until their junior and senior years and by giving priority to the requirements for a major in biology. In addition, earning this degree suggests an achievement of technical skills that may be helpful in seeking immediate employment.

In addition to General Education Degree Requirements, complete the following

<b>Required Courses</b>		<b>Units</b>
BIOL M02A	General Biology I	5
BIOL M02B	General Biology II	5
CHEM M01A	General Chemistry I	5
CHEM M01B	General Chemistry II	5
MATH M16A	Applied Calculus I	3
MATH M16B	Applied Calculus II	3
PHYS M10A	General Physics I	4
PHYS M10AL	General Physics I Lab	1
PHYS M10B	General Physics II	4
PHYS M10BL	General Physics II Laboratory	1
