Good afternoon-

We recognize that many of you have questions about how and when to implement AB 943, a provision of Education Code §78220 authorizing the use of SEA program funds for emergency student financial assistance.

The SEA support team at the Chancellor's Office has developed a guidance document which is currently being reviewed internally. With the holidays upon us, I anticipate this document being provided to colleges in mid-January.

Thank you for your patience as we finalize the documentation, and in the meantime feel free to reach out if you have pressing questions regarding AB 943.

Happy holidays!
