3rd EOPS counseling visit	11/1-12/12
Holidays	9/3 11/12 11/22-
FINAL EXAMS WEEK	12/13-12/19

## Welcome to Fall 2018 Semester

EOPS welcomes all our new and continuing students to the Fall 2018 semester. We hope that you had a restful summer and are ready to embark on your new academic year with a new enthusiasm to achieve your goals. If you are a new student, we are happy that you have decided to join our program and proud to walk this educational path with you to your success. If you are a continuing student, we hope that you are getting closer to achieving your goal, and

would like to remind you that if you are planning to transfer after this year, the Fall 2018 semester is very critical for you to make sure to submit your transfer application on time. Remember that we are here to assist you through this process. We are excited and looking forward to a successful semester together.

### Don't Forget to Make Your 3 Appointments

All EOPS students are required to meet with an EOPS counselor three times each semester and return a Progress Verification Report (PVR). The appointments for Fall 2018 begin on Wednesday, August 1 and end on Wednesday, December 12. Submit your PVR September 24 through October 19.

Your appointments must be at least three weeks apart from each other. Make your first appointment between August 1 and September 21; second appointment between September 24 and October 31; and third appointment between November 1 and December 12.

To schedule an appointment please either come to the EOPS office located in the SSA 107A or call (805) 378-1464. Our office hours are:

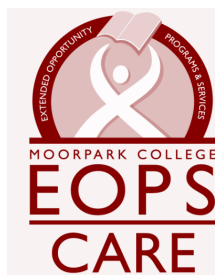

- 8:00 AM to 5:00 PM on Mondays and Thursdays
- 8:00 AM to 7:00 PM on Tuesdays and Wednesdays
- 8:00 AM to 12:00 Noon on Fridays

EOPS provides one-to-one tutoring to students seeking help in subjects such as math and English through an individualized approach. During your appointment, our skilled and knowledgeable tutors will assist you in understanding complicated concepts and make the

learning process easy and realistic for you. Studies prove that students improve their academic skills, test scores, and grades through tutoring. The program also provides a computer area for students to use the web, research materials for their course assignments, as well as type and print their assignments. **Don't forget to utilize these valuable recourses available to you for free!**

EOPS students who also participate in the CARE program, must select and attend two workshops each semester. Please select the workshops you are planning to attend and RSVP by simply calling or stopping by the EOPS office. List of CARE workshops will be available

in the EOPS webpage and the office by the beginning of the Fall 2018 semester.

We are recruiting students for CARE on a continuous basis. To find out eligibility requirements and to apply, stop by and ask the EOPS staff.

## TRANSFER CORNER

Fall **Transfer Day Fair** will take place on Thursday, August 30, 10:00 AM to 1:00 PM in QUAD. Attend this event to meet with various university representatives and get general information.

If you are planning to transfer for Fall 2019, this semester is very important for you to be aware of transfer deadlines and events that can help you with the transfer process. The Career/Transfer Center will offer various workshops to help you apply on time.

Representatives from various universities will visit Moorpark College to assist students with questions related to transfer into specific universities. Their schedule is available online at Career/Transfer webpage at <https://www.moorparkcollege.edu/departments/student-services/career-transfer-center>. Please reserve your appointments with each university representative by contacting the Career/Transfer Center.

Also, if you are planning to transfer to one of the UC campuses that participate in Transfer Admission Guarantee (TAG), the application period is September 1-30. The Career/Transfer Center will host several TAG workshops that can help you complete your TAG application and submit it by the deadline.

In addition, there will be several workshops for UC and CSU Application Assistance.

Please RSVP for any/all of the events you wish to attend to guarantee your spot.

## Transfer Tuesdays

This Fall semester EOPS will organize university transfer assistance for students in our program. We will have representatives from different universities available at our office to meet with EOPS students planning to transfer, and will assist with their questions. We are working on finalizing these events. Please check with us at the beginning of the Fall semester for available **Transfer Tuesday** Events.

Every year, the EOPS program participates in UCSB Summer Institute weekend conference. This conference is for community college EOPS students interested in transferring to a university. The conference provides students an opportunity to explore transfer concepts, develop leadership and communication skills, improve their academic skills and cultural awareness, and much more.

The conference is fully paid by the EOPS program. We encourage you to keep an eye on the announcement that will be sent out at the beginning of the Spring 2019 semester. Apply early, as the spaces are limited.

## ***EOPS Student Highlights***

**Sara Abou Karroum**

Sara is transferring to UCLA in the Fall 2018 as a Civil Engineering major. In 2013, she moved from Lebanon to the United States with her family. Despite the big changes she had experienced and financial obstacles, she was able to achieve her goals. Sara is the first in her family to attend college, and she also speaks three languages: Arabic, French, and English. During her presence at Moorpark College, she worked in the EOPS

office as a Math tutor, worked on a research project for the "Design Village" competition, and was involved in different events on campus such as Maker Faire and painting a mural in the Game Design classroom. Her words of advice are:

"Your path is your own decision; if something seemed impossible, it is because you are limiting yourself." Drawing and painting are Sara's hobbies, she also enjoys music and cooking.

Jeffrey is transferring to UC Berkeley as a Mechanical Engineering major. He plans to work with Engineers without Borders to improve the quality of life in developing countries. While at Moorpark College, he has obtained six AS degrees and researched machine learning with the University of Pennsylvania. He also takes

care of his 10-year old brother since his parents are unavailable. However, he continues to follow his passions and challenges himself by taking advanced courses through MIT. He believes that the only person limiting your possibilities, is yourself, so you should take every opportunity to smash your limitations.

**Jeffrey Tsang**

one small part of something that will become great one day. Sometimes you want to doubt yourself, you might think that people are smarter, better looking but you need to look within and believe in yourself."

**Marisol Fernandez**

Marisol is transferring to CSU, Sun Luis Obispo as an Engineering major. Marisol is a first generation college students. Both of her parents are hard-working people with no science or math background. Besides being a student Marisol, also works, tutors and is involved on campus with WEMS here at Moorpark College. Marisol's advice is, "Remind yourself this is
