

## MOORPARK COLLEGE FIRST YEAR SUCCESS PROGRAM

Moorpark College is creating a First Year Success program to ensure that students identify and complete their academic goals in a timely manner.

The program guarantees students full schedules – including difficult to get English and math courses – in the fall and spring semesters of their first year and provides them with the critical support they need outside of the classroom.

### Summer Bridge Program

Moorpark's two day summer bridges connect innovative instructions with engaging orientation-to-college activities. Bridges are the important entry point to the First Year Success program.

- priority -

### College Strategies

This first year seminar course provides students with a rigorous academic experience in their first semester of college. Students exercise their reading, thinking, and research skills while developing the academic and personal behaviors necessary to succeed in college.

### First Year Success counselors

First Year Success students have access to dedicated counselors who have been trained to handle the special needs of new students.

### Student success coaches

Student success coaches serve as advisors and mentors to First Year Success students. They closely monitor students' academic progress and direct them to college resources.

### Student success tutors

First Year Success tutors are Moorpark students who have been trained to work with students throughout the academic year.
