Curriculum Committee

Reviews and recommends to the College President all new courses, new programs, modifications to existing courses and programs, and graduation requirements. This committee's charge include these academic and professional matters as identified in Education Code 53200(c): curriculum, including establishing prerequisites and placing courses within disciplines; degree and certificate requirements; and educational program development.

GOALS for 2019-2020
Continue implementation of course cycle of review (5-Year Review)

- Become proficient in using CourseLeaf
- Continue implementation of COR/program review
- Ensure curriculum compliance with Title 5 regulations
- Review and if necessary update adopted ADTs for SB 1440 compliance
- Become familiar with course and program submission timeline, necessary documentation, and approval process
- Become familiar with various curriculum actions and their approval processes and timelines

- Become more efficient in communicating curricular information to departments and divisions
- Review and if necessary update courses that have been aligned with C-ID descriptors
- Continue implementation of CTE 2-year program review processes
- Adopt review and approval processes of noncredit curriculum in accordance with Title 5 regulations
- Establish procedures for noncredit curriculum offerings

Net Annual Labor Demand (CTE only)
974 job openings in 2017. CIP code 50.0605 Photography there were 210 completions. 764 total job openings unmet need.

Program Narrative

Justification/Reason for Revision
Incorporate unit changes to (PHTC M31A and 31B) Studio Lighting I and II courses. Incorporate new course in (PHTC M37) Professional Practices in Photography. Add flexibility to how students achieve the A.S. degree by offering choices.

Program Goals and Objectives: Must address a valid transfer, workforce preparation, basic skills, civic education, or lifelong learning purpose.

Students achieving the A.S. degree will develop a professional portfolio that will help in gaining admission to a four year institution's photography program. At a four year private institution, a solid portfolio can also lead to increased financial aid packages.

Students achieving the A.S. degree will develop a professional portfolio that can lead to employment as a photographer or photographer's assistant.

Program Narrative

Justification/Reason for Revision
Studio Lighting I and II are now 3 unit courses, allowing our current proficiency award to be eligible to become a Certificate of Achievement. This will allow students to have the degree become part of their official transcript.

Program Goals and Objectives: Must address a valid transfer, workforce preparation, basic skills, civic education, or lifelong learning purpose.

Workforce Preparation: Students will achieve proficiency in lighting principles and use of professional equipment in the studio and location environments. Students will be able to become photographers or photographer's assistants in portraiture, group portraiture, product photography, fashion, advertising, industrial, and editorial photography.
