- GLOs - tabled as Amanuel was not able to attend the meeting.
Is there a new SLO coordinator (Katie Booth)?

Discuss the following from the last meeting:

Amanuel will speak with Julius to clarify the GE Subgroup's charge with respect to GLOs. Should the group simply receive the outcome form from the SLO committee, or should the group be involved more deeply with the SLO group's GLOs assessment?

- General Education Rubric and Statement-emailed by Jodi –

Does the group feel the GE Rubric and Statement provide sufficient guidelines for determining whether or not a course is general education?

There was a recommendation that the Rubric and Statement be used (or reinstate the use) of these documents when faculty is submitting a new course or substantial revision to a course. The idea that there'll be a cover page with clear instructions (perhaps adopt verbiage from CNET, GE Addendum) and provide a link to the rubric/statement for easy access. Once completed, the form could be uploaded to "attached files" panel of CNET for documentation.

Meeting adjourned at 2:00 p.m.

NEXT MEETING:

January 17, 2017, unless a meeting in December is necessary. Right now our meeting would fall on December 20th.

Since the last day of the fall semester is Dec. 17th and most of us will be off contract, the meeting scheduled for Dec. 20 is cancelled. If there is curriculum to be reviewed for Dec. 1st Tech Rev, it could be done online.

Also, Hugo will be off on sabbatical next semester, we need to check with his replacement (Lee Ballesterro) to see if she would also be serving on our workgroup.
