

Through their experiences at Moorpark College, students will have expanded their:

- AWARENESS / Consciousness
- CRITICAL THINKING
- COMMUNICATION
- ability to CREATE

AWARENESS

- Be aware of the diversity of human experience, the role of the natural environment and the relationship between the two.

CRITICAL THINKING

- Gather, evaluate, analyze and synthesize information.

COMMUNICATION

- Attend to and clearly express ideas in written, spoken, numerical and artistic forms.

CREATE

- Act purposefully in combining awareness, critical thinking, and communication skills with personal responsibility in order to originate, innovate or build upon ideas.
