Note: *This policy language is **legally required** in an effort to show good faith compliance with the applicable federal regulations.]*

The District shall in its discretion, or as otherwise federally mandated, evaluate the validity of a student's high school completion. The **CEO** shall establish procedures for evaluating the validity of a student's high school completion.

Note: *Admission of high school and younger students is not mandated by law. However, if the District wishes to do so and there is agreement with the school district(s), this board policy should identify students who may be admitted (generally by age or grade level) and the status (special part-time [Education Code Section 48800], or special full time [Education Code Section 48800.5]).*

Districts may also make a statement regarding summer school attendance. Examples of such policies are listed below.

Boards that admit special part-time or full-time students must comply with the requirements of Education Code Section 76001(b) regarding findings and reasons for denying any such request by pupils who are identified as highly gifted. Language is included below. Apportionment for the concurrent enrollment of high school students can only be claimed if the enrollment meets the criteria of Education Code Section 76002. Language is included below.

Admission – Any student whose age or class level is equal to grades [**insert grade levels**] is eligible to attend as a special part-time student for advanced scholastic or vocational courses.

Any student whose age or class level is equal to grades [**insert grade levels**] is eligible to attend as a special full-time student.

Any student enrolled in [**insert grade level**] may attend summer session.

The [**CEO**] shall establish procedures regarding ability to benefit and admission of high school and younger students.

Denial of Requests for Admission – If the Board denies a request for special full time or part time enrollment by a pupil who is identified as highly gifted, the board will record its findings and the reason for denying the request in writing within 60 days.

The written recommendation and denial shall be issued at the next regularly scheduled board meeting that occurs at least 30 days after the pupil submits the request to the District.

The [**CEO**] shall establish procedures regarding evaluation of requests for special full time or part time enrollment by a pupil who is identified as highly gifted.

Claims for State Apportionment for Concurrent Enrollment – Claims for state apportionment submitted by the district based on enrollment of high school pupils shall satisfy the criteria established by statute and any applicable regulations of the Board of Governors.

The [**CEO**] shall establish procedures regarding compliance with statutory and regulatory criteria for concurrent enrollment.

Note: *Nonresident students, including international students, are addressed in BP 5020 titled Nonresident Tuition. The District is not required to admit nonresident students, and thus is not*

required to admit international students. However, if the District admits nonresident students, it should not exclude international students as a matter of policy based on that status alone, because the district has no authority to discriminate on the basis of national origin.
