

MOORPARK COLLEGE

Campus ENVIRONMENT Committee

NOTES

November 20, 2018, 1:00 – 2:00 pm, Fountain Hall Room 112A

Topic	Action
1. Welcome and Introductions, Membership – Steve Timmons welcomed members and began the meeting.	
2. Discussion of Previous Meeting Notes – the committee approved the notes from the October 16, 2018 meeting.	
3. Reports › Facilities Update – S. Timmons for J. Sinutko Gym Renovation – this project is well underway. Demo is largely complete, and concrete is in progress. Outdoor Kinesiology Classroom – the slab has been laid for this project site, and a nearby ADA-compliant sidewalk and curb has been added and fenced off while it sets. The project appears on track to close in January 2019.	
4. Old Business – it was suggested that Eric Lopez be invited to the next committee meeting in order to help review both current and suggested methods of recyclables collection on campus.	
5. New Business – Cassandra Cardoza shared a document with more information about CheddarU, a student-focused news media outlet that has offered the installation of a free television in the Campus Center in exchange for their programming and advertising. She will email a copy to John Sinutko for review. If the initial suggested television were approved and successfully received, Associated Students hope to perhaps request a second television with closed captioning in Fountain Hall. Brian Sherman also presented a plan for the future of the Fountain. Rather than downgrade or change the entire structure, he suggested simply turning it off during the summer when fewer students and staff are on campus. He also noted that if its irrigation timer and controller were upgraded, weather-responsive sensors for both wind speed and temperature could save significant amounts of water. Price quotes for new controllers will be requested.	
6. Adjournment
