

CHEMISTRY FOR UC TRANSFER (AS-UCTP)

Program Requirements: Includes course requirements and sequencing that reflect program goals.

This Associate in Science degree in Chemistry for UC Transfer degree is intended to enhance student transfer and increase academic preparation for CCC students as they prepare to transfer into a Chemistry program at a UC campus. Along with the Transfer Agreement Guarantee (TAG) students completing this degree are guaranteed admission to the UC system, but not necessarily to a particular UC campus or major of their choice. Students should consult with a counselor for more information on university admission and transfer requirements, as this degree in Chemistry may not be the best option for students intending to transfer to a particular UC campus or to a college or university that is not part of the UC system.

Associate in Science degree in Chemistry for UC Transfer degree, students must complete:

- 53 semester units in Chemistry major preparation and IGETC* courses, as prescribed on the UCTP Template.
- Meet the specified requirements as stated in the Transfer Agreement Guarantee (TAG) for the available school.
- A cumulative minimum grade point average of 3.5 in the major. (Students who earn less than 3.5 GPA (UC transferable) still meet the associate degree graduation requirement but will not receive guaranteed admission into a UC.
- A "C" grade or better, or "P", in all courses required for the major. Although a "P" grade is allowed (Title 5 section 55063), it is highly recommended that students take the course for a letter grade (A, B, or C) due to unit limitations on "P/NP" courses by the UC system and Moorpark College.
- A minimum of 12 units in residence at the college granting the degree.

*** NOTE: The degree allows for the deferment of two courses in Area 3 (Arts and Humanities) and two courses in Area 4 (Social Science) of the IGETC. These are to be completed at the UC, once transferred.**

Course ID	Title	Units/ Hours
REQUIRED CORE COURSES		
CHEM M01A or CHEM M01AH	General Chemistry I Honors: General Chemistry I	5
CHEM M01B	General Chemistry II	5
CHEM M07A	Organic Chemistry I	5
CHEM M07B	Organic Chemistry II	5
MATH M25A or MATH M25AH	Calculus with Analytic Geometry I Honors: Calculus Analytic Geom	5
MATH M25B	Calculus with Analytic Geometry II	5
MATH M25C	Calculus with Analytic Geometry III	5
MATH M35	Applied Differential Equations	3
PHYS M20A	Mechanics of Solids and Fluids	4
PHYS M20AL	Mechanics of Solids and Fluids Laboratory	1
PHYS M20B	Thermodynamics, Electricity, and Magnetism	4
PHYS M20BL	Thermodynamics, Electricity, and Magnetism Laboratory	1
PHYS M20C	Wave Motion, Optics, and Modern Physics	4
PHYS M20CL	Wave Motion, Optics, and Modern Physics Laboratory	1
IGETC General Education Requirements
