

CREDIT BY EXAMINATION

AP 4235 Credit by Examination –adopted July 2009. Last revised June 2017

Granting unit credit for a course by examination is based on the principle that previous experience, training, or instruction is the equivalent of a specific course taught by the college. Course and unit credit can be obtained through the credit for External Exam Process (AP/IB/CLEP), Internal Exam Process (locally administered exams), or High School to College Articulation Process.

Courses Eligible for Credit by Examination:

- All courses shall be open to credit by examination unless specifically exempted by the District College.
- Academic divisions of the District Colleges determine the courses for which credit by examination may be granted. The Office of Student Learning at each District College maintains a current list of courses excluded from Credit by Examination.

Documenting Credit Earned by Examination:

- For credit earned through the credit by examination provisions, the student's academic record shall be clearly annotated to reflect that credit was earned by examination.

Credit by Examination may be obtained by one of the following methods:

I. External Examinations: (Title 5 Section 55052)

- a. Advanced Placement (AP): Students who earn scores of 3, 4 or 5 on the College Board AP Examinations taken before high school graduation will receive credit for each exam as specified in the catalog of the District College.
- b. International Baccalaureate (IB): Students who complete the IB diploma with a score of 30 or above, and/or will receive 20 units of credit. Students who complete the IB Higher Level examinations with scores of 4, 5, 6 or 7 will receive credit for each exam as specified in the catalog of the District College. A score of 4 or higher on the IB Mathematics HL exam will satisfy the math competency requirement for the associate degree. Students will not receive credit for Standard Level exams.
- c. College Level Examination Program (CLEP): Students who earn scores of 50 or higher on a CLEP exam will receive credit for each exam as specified in the catalog of the District College.

II. Internal Departmental Examinations: (Locally administered exams):

- a. Students will receive credit by satisfactory completion of an examination administered by the District College in lieu of completion of a course listed in the college catalog, provided that Credit by Examination is permitted for the course. See the Courses Excluded from Credit by Examination list maintained by each District College. Credit will be awarded with a letter grade and/or P/NP (if the latter is ordinarily available for the course). If a letter grade is awarded, it will be incorporated in the computation of the student's grade point average.
- b. A student may be granted credit if he or she satisfactorily passes an examination approved and conducted by the District College discipline faculty. Such credit may be granted only to a student who is registered at the District College and not on either academic probation or progress probation, and only for a course listed in the District College's catalog.

- c. The nature and content of the exam shall be determined solely by the District College discipline faculty in accordance with Title 5 Section 55002. The examination must be conducted on the campus of a District College or at a District satellite site.
- d. Units for which credit is given pursuant to this provision shall not be counted in determining the 12 semester hours of credit in residency requirement for an associate degree.
- e. A District College shall charge a student a fee for administering an examination pursuant to this provision which is equal to the enrollment fee for the course.

III. High School to College Articulation: (Title 5 Section 55051)

High school students may be granted college credit pursuant to established articulation agreements between the high school and a District College. The Board of Trustees shall permit articulated courses to be applied to certificate or associate degree requirements in accordance with this provision. The per-unit fee for high school credit by examination will not be charged. Articulated high school courses may be accepted in lieu of comparable District College courses to partially satisfy:

- a. Certificate requirements, including the total number of units required for the certificate; or
- b. The major or area of emphasis requirements in a degree program.

Students who complete articulated comparable courses must pass an exam to earn college credit for general education and/or major requirements for the associate degree.

Cut Scores

The number of units awarded for each type of examination is subject to change based on the establishment of cut scores and/or other evaluative measures developed by District college faculty in collaboration with the Academic Senates and/or a CSU Chancellor's Office policy as pursuant to the AB 1985, and/or Intersegmental General Education Transfer Curriculum (IGETC) Standards, Policies and Procedures latest version.

Credit for External Examinations (AP, IB and CLEP)

- The evaluation of credit for AP, IB and CLEP examinations is done by a college counselor. Counselors may require additional documentation or information as necessary to determine eligibility for external credit.
- Credit granted for the examinations may be counted as credit toward an associate degree. The Counseling faculty at each District College will determine how the credit is used to satisfy general education and majors requirements for the associate degree.
- Credit granted for these examinations may also be counted toward the satisfaction of IGETC or CSU-GE areas as allowed by the applicable standards for each form of transfer general education certification.
- Credit awarded for AP, IB and CLEP examinations shall not impact the student's GPA.
- Students granted credit for AP, IB or CLEP examinations shall not earn credit toward an associate degree for duplicated college courses.

CREDIT BY EXAMINATION

(CONTINUED)

- Other colleges or universities may have different policies concerning the granting of credit for AP, IB and CLEP examinations, and will evaluate the examinations based upon their own policies and practices.

Credit for Internal Credit by Examination

1. Determination for Eligibility:

- The examination is to be administered prior to the last day of the final examination period.
- The course that the units will apply to must be listed in the college catalog.
- The student must be currently registered and not on academic probation, progress probation, or dismissal at any District College.

2. Receive Credit by Examination:

- The student has not earned college credit in more advanced subject matter, and, has not received a grade (A, B, C, D, F, W, CR, P, CRE, NC or NP or equivalent), in the course for which he or she is seeking Credit by Examination at a District College or any other educational institutions.
- The appropriate petition, (a "Petition for Credit by Examination" form) will be completed by the student and a college counselor, and forwarded to the appropriate academic division for administration of the examination.
- Petitions must be approved by the division dean and received by the administering instructor no later than Friday of the tenth week of the full-length semester.

3. Units and Grades Recorded for Credit by Examination

- Transcript entries shall distinguish credit units obtained by examination from credit units obtained as a result of regular course enrollment.
- A student seeking credit by examination will receive the appropriate letter grade (A, B, C, D, F, or P/NP) and will be charged the current enrollment fee per unit regardless of the grade received. Students who are unsuccessful in an attempt to challenge a course by examination will receive a D, F, or NP, and a record of the attempt for credit by examination will appear on a student's transcript.

Courses Eligible for Internal Credit by Examination at Moorpark College

All courses shall be open to credit by examination except the following: ANTH M05, NS M49, PHOT M30A-B, RADT M49, and all Dance, Mathematics, Languages of the World and PE/KIN activity courses.

Credit by Examination for a High School Articulated Course:

1. Determination for Eligibility

- The course that the units will apply to must be listed in the college catalog.
- The student must be currently registered at a high school with which a District College has an articulation agreement and in good standing as defined by their cumulative GPA at a minimum of 2.0 at the time the Credit by Examination is granted.

- The student has not earned college credit in more advanced subject matter, and has not received a grade (A, B, C, D, F, W, CR, CRE, NC, NP, or equivalent), in the course for which he or she is seeking Credit by Examination at a District College or any other educational institutions.

2. Receive Credit by Examination

- The student will apply online to one of the colleges in the VCCCD and create an account in a District tracking system
- The student passes the college's course via a comprehensive exam or evaluation determined solely by a District College faculty in the discipline.

Units and Grades Recorded

- Student who successfully passes the examination will be given a letter grade (A, B, or C) "Credit by Examination" will be transcribed for the term in which it was earned.
- Student who is unsuccessful in obtaining a standard grade of "C" or better will not be allowed to petition for credit and no record of the attempt for credit by examination will appear on a student's transcript.

Limits of Credit by Examination (All Methods):

Students may challenge a given credit-by-examination course only once.

Credits acquired by examination are not counted in determining the 12 semester units of credit in residency required for an associate degree.

- Students should be aware that other colleges may not accept Credit by Examination for transfer purposes.
- A student should be advised that the use of units granted through credit by examination policy towards establishing eligibility for athletics, financial aid, and veterans' benefits are subject to the rules and regulations of the external agencies involved. (Exceptions to the above may be made when necessary to meet provisions of California state law or the rules and regulations of state agencies governing programs of the California Community Colleges.)
- A student may challenge no more than 12 units under the credit-by-examination policy towards an associate degree or a certificate of achievement, except that units awarded for AP and IB examinations shall not be subject to such limit.
- Credit by Examination may be granted in only one course in a sequence of courses, as determined by prerequisites, and may not be granted for a course which is a prerequisite to the one in which the student is currently enrolled, except that credit may be granted for more than one course in a sequence of required courses when approved by an administrator or his/her designee responsible for vocational programs, or where the curriculum in occupational programs makes it necessary.

DOCUMENTATION OF ALLOWABLE CREDIT AWARDS

Each District College shall maintain records of the courses for which units of credit may be granted through Credit by Examination. These records shall be maintained either in the Office of Academic Affairs or in the Student Services Office.

ADVANCED PLACEMENT (AP) CREDIT FOR MOORPARK COLLEGE GE, CSU GE-BREADTH AND IGETC

MC course equivalency approved by MC Curriculum Committee on May 9, 2017

Advanced Placement Exam (AP Exam)	Total MC units earned toward AA/AS (includes GE major, electives)	Units earned toward MC GE (semester)	MC GE area(s) placement for AA/AS	MC course equivalent for use within major for AA/AS	Minimum semester units earned toward CSU admission	Semester units toward CSU GE Breadth certification	CSU Breadth and/or American Institutions area(s)	Total units earned toward UC admission (qtr/sem)	Units earned toward IGETC certification (qtr/sem)	IGETC area(s)

NOTES: *AP exam may be used in either area (but not both) regardless of where the certifying CCC's discipline is located.

Rules for use of AP scores on IGETC, CSU GE:

- A score of 3, 4, or 5 is required to grant credit for GE certification for MC, CSU and UC.
 - An acceptable AP score for IGETC equates to either 3 semester or 4 quarter units for certification purposes.
- Each AP exam may be applied to one GE area as satisfying one course requirement, with the exception of Language other than English (LOTE of IGETC). (See Section 10.6.3 of IGETC Standards for more information).
- Students who have earned credit from an AP exam should not take a comparable college course because transfer credit will not be granted for both.
- There is no equivalent AP exam for the Critical Thinking/Composition (IGETC 1B/CSU GE A3) requirement.
- Students earning scores of 3, 4, or 5 in the physical and biological science AP examinations earn credit toward IGETC Area 5 and meet the laboratory activity requirement.
- AP exams in Biology, Chemistry, Physics 1, Physics 2 or Physics B allow CCC campuses to apply 4 semester or 5 quarter units to IGETC certification. For Environmental Science, Physics C: Mechanics, and Physics C: Electricity/Magnetism, 3 semester or 4 quarter units are applied for IGETC certification; therefore, students who complete these exams will be required to complete at least 4 semester or 5 quarter units to satisfy the minimum required units for Area 5.
- Music Theory subscore – UC grants credit for the full Music Theory exam. Students who earn only a subscore will not receive exam credit.
- AB subscore on Calculus BC exam – UC grants 4 quarter units for students who earned a subscore of 3 or higher on Cal AB portion will receive four quarter units for the Cal AB, even if they do not receive a score of 3 or higher on the BC exam. The maximum credit awarded for both exams is eight quarter units

INTERNATIONAL BACCALAUREATE (IB) TEST EQUIVALENCY LIST FOR MC GE

Theatre HL	4	6	3	C1	6	3	C1	5	8/5.3	4/3	3A

NOTES: All units shown on this chart are semester units except those listed for IGETC, which include quarter and semester units.

* IB exam may be used in either area regardless of where the certifying CCC's discipline is located.

** A score of 4 or higher on the IB Mathematics HL exam will satisfy Moorpark College's math competency requirement for the associate degree but will not provide general education credit.

Rules for using International Baccalaureate (IB) credit for Transfer, IGETC, CSU GE-Breadth and MC GE

- Students and counselors should refer to individual campus catalogs/bulletin for more information on how subject credit may be granted for admission purpose.
- A score of 5, 6 or 7 on Higher Level (HL) exams is required to grant credit for IGETC certification, CSU GE-Breadth certification, or for Moorpark College Associate Degree credit, except where noted otherwise.
- An acceptable IB score equates to either 3 semester/4 quarter units for certification purposes, except where noted otherwise.
- Students will not receive credit for Standard Level exams.
- Students who have earned credit for an IB exam should not take a comparable college course because credit will NOT be granted for both.
- The IB curriculum offers language at various levels for native and nonnative speakers. Language B courses are offered at the intermediate level for non-natives. Language A1 and A2 are advanced courses in literature for native and non-native speakers, respectively.

IB Policies Specific to Moorpark College

- Students who complete the IB Diploma with a score of 30 or above will receive 20 semester units of credit for Moorpark College.
- Students completing IB Higher Level exams with scores of 5, 6, or 7 will receive 6 units of credit for each exam.
- Students will not receive credit for Standard Level exams.
- Credits awarded for IB exams shall not impact a student's GPA at Moorpark College.
- Units granted for IB will not be subject to the unit limits for credit by exam or Pass/No Pass grading which otherwise applies within the district.
- Credits acquired by exam are not counted in determining the 12 semester units in residence at Moorpark College required for an Associate Degree.

Reference: IGETC Standards, Version 2.0, 2019 (section 7.2); CSU EO 1036 Section 1.2.4 and CSU Coded Memo AA-2019-03; PolicyStat ID: 7800250 (4/20/20); VCCCD AP 4235 Credit by Examination; IB Credit for MC, last reviewed and approved by MC Curriculum Committee on 5/9/2017.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP)

For Moorpark College and CSU-GE

Students who earned a score of 50 or higher or as specified below on CLEP exam will receive 3-6 units depending on the exam.

COLLEGE LEVEL EXAMINATION PROGRAM (CLEP) (CONTINUED)

For Moorpark College and CSU-GE

Students who earned a score of 50 or higher or as specified below on CLEP exam will receive 3-6 units depending on the exam.

CLEP Exam	Passing Score	Total MC units earned toward AA/AS	Units earned toward MC GE	MC GE area(s)	Minimum semester units earned toward CSU admission	Semester units toward CSU GE-Breadth certification	CSU GE Breadth and/or American Institutions area(s)
Principles of Marketing	50	3	0	n/a	3	0	n/a
Principles of Microeconomics	50	3	3	B2	3	3	D
Social Sciences and History	50	0	0	n/a	0	0	n/a
Spanish Level I*	50	6	0	n/a	6	0	n/a
Spanish Level II*	63	6	3	C2	12 (prior F '15) 9 (F '15 and after)	3	C2
Spanish with Writing I*	50	6	0	n/a	6	0	n/a
Spanish with Writing II*	63	6	3	C2	9	3	C2
Trigonometry (F '06 or prior)	50	D2	3	D2	B4	3	B4
Western Civilization I	50	B2 or C2	3	B2 or C2	C2 or D	3	C2 or D
Western Civilization II	50	B2 or C2	3		D	3	D

NOTES:

*If a student passes more than one CLEP test in the same language other than English (e.g., two exams in French), then only one examination may be applied to the baccalaureate. For each test in a language other than English, a passing score of 50 is considered "Level I" and earns six units of baccalaureate credit; the higher score listed for each test is considered "Level II" and earns additional units of credit and placement in Area C2 of GE Breadth, as noted.

Each campus in the California State University system determines how it will apply external examinations toward credit in the major. For students not already certified in GE and/or American Institutions, the campus also determines how to apply credit from such exams toward the local degree requirements
