

PROGRAM OF STUDY

Associate in Arts in Psychology for Transfer AA-T

This program is designed for students intending to major in Psychology and transferring to a four-year institution, and for students interested in studying Psychology for a general understanding of human behavior useful in any career or life area. A major in psychology provides a study of the behavior of individuals and groups in contemporary society. The major also provides a background for graduate study in the field of psychology and related specialties. The graduate in this major is prepared for positions in research and teaching, counseling, and service in clinical settings.

The Associate in Arts in Psychology for Transfer (AA-T in Psychology) is intended for students who plan to transfer and complete a bachelor's degree in Psychology, or a major deemed similar by the CSU campus. Students completing this degree are guaranteed admission to the CSU system, but not necessarily to a particular campus or major of their choice. Students should consult with a counselor for more information on university admission and transfer requirements as this AA-T in Psychology degree may not be the best option for students intending to transfer to a particular CSU campus or to a college or university that is not part of the CSU system.

To earn an AA-T in Psychology, students must:

1. Complete 60 semester or 90 quarter CSU transferable units.
2. Obtain a minimum grade point average (GPA) of at least 2.0 in all CSU transferable coursework. While a minimum of 2.0 is required some transfer institutions and majors may require a higher GPA.
3. Complete 19 units of major coursework as specified below. All courses in the major must be completed with a grade of C or better or a "P" if the course is taken on a "pass-no-pass" basis (Title 5 § 55063). Even though a "pass-no-pass" is allowed, it is recommended that students complete their major courses with letter grade.
4. Complete and be certified of either the California State University General Education-Breadth (CSU GE) or the Intersegmental General Education Transfer Curriculum (IGETC for CSU) pattern.

REQUIRED CORE: Complete the following courses (10 units)

		Units
PSY M01	Introduction to Psychology	3
	or	
PSY M01H	Honors: Introduction to Psychology	3
	and	
PSY M06	Introduction to Behavioral Research Methods	3
	and
