Mitch,

With the assessment system, we can track whether a course was assessed in a given time frame. For example, a department head could run our Course Statistics and Evidence report and see something like this:

Courses with at least one planned Assessment	5	CHEM160, CHEM200, CHEM210, CHEM240, CHEM242
Courses with planned Assessments scored	5	CHEM200, CHEM160, CHEM210, CHEM240, CHEM242
Courses with some Assessments scored	0	
Courses without any Assessment scored	0	
Courses with no planned Assessments	0	

This small Chemistry department is fully scored. All 5 courses were planned and all of those 5 courses were scored.
