Faculty, FTVM	Svetlana Kasalovic (S'2019)	
Faculty, Engineering	Scarlet Relle	x
Faculty, Librarian	Mary La-Barge	x
Dean	vacant	

I. Approved 9/25/2018 minutes

II. No course to review

III. Goals for 2018-2019

- Spent a lot of time discussing the merits of including GELOs as CLOs in courses that have GE designation
- This would require faculty input and buy-in but we were trying to come up with reasons why this is a good idea, and how this could be accomplished
- To include a dean as a member but will need to identify/clarify their role and responsibility. As faculty, we are reviewing courses for GE eligibility but what's the role of the dean in that process since curriculum review is the purview of the faculty.
- Where should GELOs be stored/housed?

IV. Other items from previous meetings

- a. Email from Mahta regarding MATH courses
 - i. Jodi sent Mahta the rubric for General Education that is posted on the curriculum website to address Math courses.

Future Meeting Date

- Next scheduled meeting is Nov. 27 at 1 – 2:30.
