District-College Functional Map

KEY:

P = Primary Responsibility	Leadership and oversight of a given function including design, development, implementation, assessment, and planning for improvement
S = Secondary Responsibility	Support of a given function including a level of coordination, input, feedback, or communication to assist the primary responsibility holders with the successful execution of their responsibility
B = Both	The District and the College are mutually responsible for the leadership and oversight of a given function or they engage in logically equivalent versions of a function – District and College Mission Statements

Standard I: Mission, Academic Quality and Institutional Effectiveness, and Integrity The institution demonstrates strong commitment to a mission that emphasizes student learning and student achievement. Using analysis of quantitative and qualitative data, the institution continuously and systematically evaluates, plans, implements, and improves the quality of its educational programs and services. The institution demonstrates integrity in all policies, actions, and communication. The administration, faculty, staff, and governing board members act honestly, ethically, and fairly in the performance of their duties.

		College	District
A.	Mission		
1.	The mission describes the institution's broad educational purposes, its intended student population, the types of degrees and other credentials it offers, and its commitment to student learning and student achievement. (ER 6)	Р	S
2.	The institution uses data to determine how effectively it is accomplishing its mission, and whether the mission directs institutional priorities in meeting the educational needs of students.	Р	S
3.	The institution's programs and services are aligned with its mission. The mission guides institutional decision-making, planning, and resource allocation and informs institutional goals for student learning and achievement.	Р	S
4.	The institution articulates its mission in a widely published statement approved by the governing board. The mission statement is periodically reviewed and updated as necessary. (ER 6)	Р	S
B.	Assuring Academic Quality and Institutional Effectiveness		
	Academic Quality		
1.	The institution demonstrates a sustained, substantive and collegial dialog about student outcomes, student equity, academic quality, institutional effectiveness, and continuous improvement of student learning and achievement.	Р	S
2.	The institution defines and assesses student learning outcomes for all instructional programs and student and learning support services. (ER 11)	Р	S
3.	The institution establishes institution-set standards for student achievement, appropriate to its mission, assesses how well it is achieving them in pursuit of continuous improvement, and publishes this information. (ER 11)	Р	S

4.	The institution uses assessment data and organizes its institutional processes	Р	S
т.	to support student learning and student achievement.	1	5
	Institutional Effectiveness		
5.	The institution assesses accomplishment of its mission through program	Р	S
5.	review and evaluation of goals and objectives, student learning outcomes,	1	5
	and student achievement. Quantitative and qualitative data are disaggregated		
	for analysis by program type and mode of delivery.		
6		Р	S
6.	The institution disaggregates and analyzes learning outcomes and	P	3
	achievement for subpopulations of students. When the institution identifies		
	performance gaps, it implements strategies, which may include allocation or		
	reallocation of human, fiscal and other resources, to mitigate those gaps and		
	evaluates the efficacy of those strategies.		~
7.	The institution regularly evaluates its policies and practices across all areas	Р	S
	of the institution, including instructional programs, student and learning		
	support services, resource management, and governance processes to assure		
	their effectiveness in supporting academic quality and accomplishment of		
	mission.		
8.	The institution broadly communicates the results of all of its assessment and	Р	S
	evaluation activities so that the institution has a shared understanding of its		
	strengths and weaknesses and sets appropriate priorities.		
9.	The institution engages in continuous, broad based, systematic evaluation	Р	S
	and planning. The institution integrates program review, planning, and		
	resource allocation into a comprehensive process that leads to		
	accomplishment of its mission and improvement of institutional		
	effectiveness and academic quality. Institutional planning addresses short-		
	and long-range needs for educational programs and services and for human,		
	physical, technology, and financial resources. (ER 19)		
1 ڥ	Institutional Integrity		
1.	The institution assures the clarity, accuracy, and integrity of information	Р	S
	provided to students and prospective students, personnel, and all persons or		
	organizations related to its mission statement, learning outcomes,		
	educational programs, and student support services. The institution gives		
	accurate information to students and the public about its accreditation status		
	with all of its accreditors. (ER 20)		
2.	The institution provides a print or online catalog for students and	Р	S
	prospective students with precise, accurate, and current information on all	-	~
	facts, requirements, policies, and procedures listed in the "Catalog

	review, using student achievement data, in order to continuously improve		
	instructional courses, and programs, thereby ensuring program currency,		
	improve teaching and learning strategies, and promoting student success.		
3.	The institution identifies and regularly assesses learning outcomes for	Р	S
	courses, programs, certificates and degrees using established institutional		
	procedures. The institution has officially approved and current course		
	outlines that include student learning outcomes. In every class section		
	students receive a course syllabus that includes learning outcomes from the		
	institution's officially approved course outline.		
4		D	G
4.	If the institution offers pre-collegiate level curriculum, it distinguishes that	Р	S
	curriculum from college level curriculum and directly supports students in		
	learning the knowledge and skills necessary to advance to and succeed in		
	college level curriculum.		
5.	The institution's degrees and programs follow practices common to	Р	S
	American higher education, including appropriate length, breadth, depth,		
	rigor, course sequencing, time to completion, and synthesis of learning. The		
	institution ensures that minimum degree requirements are 60 semester		
	credits or equivalent at the associate level, and 120 credits or equivalent at		
	the baccalaureate level. (ER 12)		
(Р	0
6.	The institution schedules courses in a manner that allows students to	Р	S
	complete certificate and degree programs within a period of time consistent		
	with established expectations in higher education. (ER 9)		
7.	The institution effectively uses delivery modes, teaching methodologies and	Р	S
	learning support services that reflect the diverse and changing needs of its		
	students, in support of equity in success for all students.		
8.	The institution validates the effectiveness of department-wide course and/or	Р	S
	program examinations, where used, including direct assessment of prior		
	learning. The institution ensures that processes are in place to reduce test		
	bias and enhance reliability.		
9.	The institution awards course credit, degrees and certificates based on	Р	S
-	student attainment of learning outcomes. Units of credit awarded are		
	consistent with institutional policies that reflect generally accepted norms or		
	equivalencies in higher education. If the institution offers courses based on		
	clock hours, it follows Federal standards for clock-to-credit-hour		
10	conversions. (ER 10)	D	G
10.	The institution makes available to its students clearly stated transfer-of-	Р	S
	credit policies in order to facilitate the mobility of students without penalty.		
	In accepting transfer credits to fulfill degree requirements, the institution		
	certifies that the expected learning outcomes for transferred courses are		
	comparable to the learning outcomes of its own courses. Where patterns of

		I	I
	application of learning, and a broad comprehension of the development of		
	knowledge, practice, and interpretive approaches in the arts and humanities,		
	the sciences, mathematics, and social sciences. (ER 12)		
13.	All degree programs include focused study in at least one area of inquiry or	Р	S
_	in an established interdisciplinary core. The identification of specialized		
	courses in an area of inquiry or interdisciplinary core is based upon student		
	learning outcomes and competencies, and include mastery, at the appropriate		
	degree level, of key theories and practices within the field of study.		
1.4		D	
14.	Graduates completing career-technical certificates and degrees demonstrate	Р	S
	technical and professional competencies that meet employment standards		
	and other applicable standards and preparation for external licensure and		
	certification.		
15.	When programs are eliminated or program requirements are significantly	Р	S
	changed, the institution makes appropriate arrangements so that enrolled		
	students may complete their education in a timely manner with a minimum		
	of disruption.		
16.	The institution regularly evaluates and improves the quality and currency of	Р	S
10.		1	5
	all instructional programs offered in the name of the institution, including		
	collegiate, pre-collegiate, career-technical, and continuing and community		
	education courses and programs, regardless of delivery mode or location.		
	The institution systematically strives to improve programs and courses to		
	enhance learning outcomes and achievement for students.		
B.	Library and Learning Support Services		
1.	The institution supports student learning and achievement by providing	Р	S
	library, and other learning support services to students and to personnel		
	responsible for student learning and support. These services are sufficient in		
	quantity, currency, depth, and variety to support educational programs,		
	regardless of location or means of delivery, including distance education and		
	correspondence education. Learning support services include, but are not		
	limited to, library collections, tutoring, learning centers, computer		
	laboratories, learning technology, and ongoing instruction for users of		
-	library and other learning support services. (ER 17)		~
2.	Relying on appropriate expertise of faculty, including librarians, and other	Р	S
	learning support services professionals, the institution selects and maintains		
	educational equipment and materials to support student learning and		
	enhance the achievement of the mission.		
3.	The institution evaluates library and other learning support services to assure	Р	S
	their adequacy in meeting identified student needs. Evaluation of these		
	services includes evidence that they contribute to the attainment of student		
	learning outcomes. The institution uses the results of these evaluations as the		
	basis for improvement.		
4.	When the institution relies on or collaborates with other institutions or other	В	В
ч.	sources for library and other learning support services for its instructional		ם ן
	programs, it documents that formal agreements exist and that such resources		
	and services are adequate for the institution's intended purposes, are easily		
	accessible and utilized. The institution takes responsibility for and assures		
	the security, maintenance, and reliability of services provided either directly		
			1
	or through contractual arrangement. The institution regularly evaluates these		
	services to ensure their effectiveness. (ER 17)		
C.

2.			-
	The institution identifies and assesses learning support outcomes for its	Р	S
	student population and provides appropriate student support services and		
	programs to achieve those outcomes. The institution uses assessment data to		
	continuously improve student support programs and services.		
3.	The institution assures equitable access to all of its students by providing	Р	S
	appropriate, comprehensive, and reliable services to students regardless of		
	service location or delivery method. (ER 15)		
4.	Co-curricular programs and athletics programs are suited to the institution's	Р	S
	mission and contribute to the social and cultural dimensions of the		
	educational experience of its students. If the institution offers co-curricular		
	or athletic programs, they are conducted with sound educational policy and		
	standards of integrity. The institution has responsibility for the control of		
	these programs, including their finances.		
5.	The institution provides counseling and/or academic advising programs to	Р	S
	support student development and success and prepares faculty and other	-	~
	personnel responsible for the advising function. Counseling and advising		
	programs orient students to ensure they understand the requirements related		
	to their programs of study and receive timely, useful, and accurate		
	information about relevant academic requirements, including graduation and		
	transfer policies.		
6.	The institution has adopted and adheres to admission policies consistent	Р	S
0.	with its mission that specify the qualifications of students appropriate for its	1	5
	programs. The institution defines and advises students on clear pathways to		
	complete degrees, certificate and transfer goals. (ER 16)		
7.	The institution regularly evaluates admissions and placement instruments	Р	S
/.		r	3
0	and practices to validate their effectiveness while minimizing biases.	D	D
8.	The institution maintains student records permanently, securely, and	В	В
	confidentially, with provision for secure backup of all files, regardless of the		
	form in which those files are maintained. The institution publishes and		
G4 1	follows established policies for release of student records.

15.	The institution monitors and manages student loan default rates, revenue streams, and assets to ensure compliance with federal requirements, including Title IV of the Higher Education Act, and comes into compliance when the federal government identifies deficiencies.	В	В
16.	Contractual Agreements Contractual agreements with external entities are consistent with the mission and goals of the institution, governed by institutional policies, and contain appropriate provisions to maintain the integrity of the institution and the	В	В

The institution recognizes and uses the contributions of leadership throughout the organization for promoting student success, sustaining academic quality, integrity, fiscal stability, and continuous improvement of the institution. Governance roles are defined in policy and are designed to facilitate decisions that support student learning programs and services and improve institutional effectiveness, while acknowledging the designated responsibilities of the governing board and the chief executive officer. Through established governance structures, processes, and practices, the governing board, administrators, faculty, staff, and students work together for the good of the institution. In multi-college districts or systems, the roles within

	es to adequately support and sustain the colleges.	College	District
١.	Decision-Making Roles and Processes		
1.	Institutional leaders create and encourage innovation leading to institutional excellence. They support administrators, faculty, staff, and students, no matter what their official titles, in taking initiative for improving the practices, programs, and services in which they are involved. When ideas for improvement have policy or significant institution-wide implications, systematic participative processes are used to assure effective planning and implementation.	В	В
2.	The institution establishes and implements policy and procedures authorizing administrator, faculty, and staff participation in decision-making processes. The policy makes provisions for student participation and consideration of student views in those matters in which students have a direct and reasonable interest. Policy specifies the manner in which individuals bring forward ideas and work together on appropriate policy, planning, and special-purpose committees.	В	В
3.	Administrators and faculty, through policy and procedures, have a substantive and clearly defined role in institutional governance and exercise a substantial voice in institutional policies, planning, and budget that relate to their areas of responsibility and expertise.	Р	S
4.	Faculty and academic administrators, through policy and procedures, and through well-defined structures, have responsibility for recommendations about curriculum and student learning programs and services.	Р	S
5.	Through its system of board and institutional governance, the institution ensures the appropriate consideration of relevant perspectives; decision- making aligned with expertise and responsibility; and timely action on institutional plans, policies, curricular change, and other key considerations.	В	В
6.	The processes for decision-making and the resulting decisions are documented and widely communicated across the institution.	В	В
7.	Leadership roles and the institution's governance and decision-making policies, procedures, and processes are regularly evaluated to assure their integrity and effectiveness. The institution widely communicates the results of these evaluations and uses them as the basis for improvement.	В	В
3.	Chief Executive Officer		
1.	The institutional chief executive officer (CEO) has primary responsibility for the quality of the institution. The CEO provides effective leadership in planning, organizing, budgeting, selecting and developing personnel, and assessing institutional effectiveness.	Р	S
2.	The CEO plans, oversees, and evaluates an administrative structure organized and staffed to reflect the institution's purposes, size, and complexity. The CEO delegates authority to administrators and others consistent with their responsibilities, as appropriate.	Р	S
3.	 Through established policies and procedures, the CEO guides institutional improvement of the teaching and learning environment by: establishing a collegial process that sets values, goals, and priorities; ensuring the college sets institutional performance standards for student achievement; ensuring that evaluation and planning rely on high quality research and analysis of external and internal conditions; ensuring that educational planning is integrated with resource planning and allocation to support student achievement and learning; ensuring that the allocation of resources supports and improves achievement and learning;and 	р	S

	• establishing procedures to evaluate overall institutional planning and		
	implementation efforts to achieve the mission of the institution.		
4.	The CEO has the primary leadership role for accreditation, ensuring that the	Р	S
	institution meets or exceeds Eligibility Requirements, Accreditation		
	Standards, and Commission policies at all times. Faculty, staff, and		
	administrative leaders of the institution also have responsibility for assuring		
	compliance with accreditation requirements.		
5.	The CEO assures the implementation of statutes, regulations, and governing	Р	S
	board policies and assures that institutional practices are consistent with		
	institutional mission and policies, including effective control of budget and		
	expenditures.		
6.	The CEO works and communicates effectively with the communities served	Р	S
0.	by the institution.	-	5
2.	Governing Board		
1.	The institution has a governing board that has authority over and	S	Р
1.	responsibility for policies to assure the academic quality, integrity, and	5	1
	effectiveness of the student learning programs and services and the financial		
	stability of the institution. (ER 7)		
2.	The governing board acts as a collective entity. Once the board reaches a		Р
۷.	decision, all board members act in support of the decision.		1
r	The governing board adheres to a clearly defined policy for selecting and		Р
3.			r
4	evaluating the CEO of the college and/or the district/system.		D
4.	The governing board is an independent, policy-making body that reflects the		Р
	public interest in the institution's educational quality. It advocates for and		
	defends the institution and protects it from undue influence or political		
	pressure. (ER 7)		
5.	The governing board establishes policies consistent with the	S	Р
	college/district/system mission to ensure the quality, integrity, and		
	improvement of student learning programs and services and the resources		
	necessary to support them. The governing board has ultimate responsibility		
	for educational quality, legal matters, and financial integrity and stability.		
6.	The institution or the governing board publishes the board bylaws and		Р
	policies specifying the board's size, duties, responsibilities, structure, and		
	operating procedures.		
7.	The governing board acts in a manner consistent with its policies and		Р
	bylaws. The board regularly assesses its policies and bylaws for their		
	effectiveness in fulfilling the college/district/system mission and revises		
	them as necessary.		
8.	To ensure the institution is accomplishing its goals for student success, the	S	Р
-	governing board regularly reviews key indicators of student learning and		
	achievement and institutional plans for improving academic quality.		
9.	The governing board has an ongoing training program for board		Р
	development, including new member orientation. It has a mechanism for		1
	providing for continuity of board membership and staggered terms of office.		
10.	Board policies and/or bylaws clearly establish a process for board		Р
10.	evaluation. The evaluation assesses the board's effectiveness in promoting		1
	and sustaining academic quality and institutional effectiveness. The		
	governing board regularly evaluates its practices and performance, including		
	full participation in board training, and makes public the results. The results		
	are used to improve board performance, academic quality, and institutional		
1.1	effectiveness.		P
11.	The governing board upholds a code of ethics and conflict of interest policy,		Р
	and individual board members adhere to the code. The board has a clearly		
	defined policy for dealing with behavior that violates its code and		
	implements it when necessary. A majority of the board members have no		

		1	1
	employment, family, ownership, or other personal financial interest in the		
	institution. Board member interests are disclosed and do not interfere with		
	the impartiality of governing body members or outweigh the greater duty to		
	secure and ensure the academic and fiscal integrity of the institution. (ER 7)		
12.	The governing board delegates full responsibility and authority to the CEO		Р
	to implement and administer board policies without board interference and		
	holds the CEO accountable for the operation of the district/system or		
	college, respectively.		
13.	The governing board is informed about the Eligibility Requirements, the		Р
	Accreditation Standards, Commission policies, accreditation processes, and		
	the college's accredited status, and supports through policy the college's		
	efforts to improve and excel. The board participates in evaluation of		
	governing board roles and functions in the accreditation process.		
D.	Multi-College Districts or Systems		
1.	In multi-college districts or systems, the district/system CEO provides	S	Р
1.	leadership in setting and communicating expectations of educational	5	1
	excellence and integrity throughout the district/system and assures support		
	for the effective operation of the colleges. Working with the colleges, the		
	district/system CEO establishes clearly defined roles, authority and		
	responsibility between the colleges and the district/system.		
2.	The district/system CEO clearly delineates, documents, and communicates	S	Р
۷.	the operational responsibilities and functions of the district/system from	3	1
	those of the colleges and consistently adheres to this delineation in practice.		
	The district/system CEO ensures that the colleges receive effective and		
	adequate district/system provided services to support the colleges in		
	achieving their missions. Where a district/system has responsibility for		
	resources, allocation of resources, and planning, it is evaluated against the		
	Standards, and its performance is reflected in the accredited status of the		
	institution.	~	-
3.	The district/system has a policy for allocation and reallocation of resources	S	Р
	that are adequate to support the effective operations and sustainability of the		
	colleges and district/system. The district/system CEO ensures effective		
	control of expenditures.		
4.	The CEO of the district or system delegates full responsibility and authority	S	Р
	to the CEOs of the colleges to implement and administer delegated		
	district/system policies without interference and holds college CEO's		
	accountable for the operation of the colleges.		
5.	District/system planning and evaluation are integrated with college planning	S	Р
	and evaluation to improve student learning and achievement and		
	institutional effectiveness.		
6.	Communication between colleges and districts/systems ensures effective	В	В
	operations of the colleges and should be timely, accurate, and complete in		
	order for the colleges to make decisions effectively.		
7.	The district/system CEO regularly evaluates district/system and college role	S	Р
	delineations, governance and decision-making processes to assure their		
	integrity and effectiveness in assisting the colleges in meeting educational		
	goals for student achievement and learning. The district/system widely		
	communicates the results of these evaluations and uses them as the basis for		
	improvement.
