

INFORMATION TECHNOLOGY UPDATE 2/03/2021

- ENS System – All devices have been installed. Testing and sound adjustments to take place on February 12.
- Installed 4 additional network switches on campus.
- Laptop Loaners – We have loaned out over 400 laptops to students and staff.
- Hotspots – We received 200 hotspots for student use. The Library is issuing them out to students.
- Information security assessment performed to verify the College's compliance with GLBA (Gramm Leach Bliley Act). Final report will be completed in the next couple of weeks.
- We have issued 575 licenses for Adobe Creative Cloud Suite to students. We will need additional licenses to satisfy the need.
- Continue to provide remote support to staff.
- Worked with District network security team to increase and strengthen our information security.
