Dear Classified Senate President Resendiz

I have reviewed the Classified Prioritization recommendations from the joint EdCAP/Fiscal Planning Committee and taken analysis of the State budget released by Governor Newsom I am authorizing the hire of the following positions below this semester:

Custodian
Admissions & Records Specialist
Tutorial Services Specialist I
IT support Specialist II
Assistant Director of Facilities Management

The Instructional Lab Tech- Registered Veterinary Technician is not being approved for hiring at this time given the Veterinary Tech program is still under consideration. The Office Assistant Health Science/Nursing will continue to be funded through categorical sources for now.

Thank you for your thoughtful deliberations and recommendation.

Best,
Julius
