

2022-23 Annual Work Plan Table Discussions

Outcome of exercise:

To provide input for the development of the one-year Work Plan for 2022-23, the fourth Work Plan for the Educational Master Plan. In order to provide input the group members will brainstorm actions that could strengthen the achievement of these metrics.

Directions:

1. First review the Guided Pathways pillar(s) that the Strategic Direction assigned to your group is included within, if applicable (see the top of the Excel sheet);
2. Then, for the goals assigned to your group, brainstorm actions for 2022-2023 that could help the college achieve the metrics of the Strategic Plan; and
3. Determine any barriers the group identifies to completing these actions such as access, participation, and equity.

Record your results in the respective columns of the Excel sheet.
