STRATEGIC DIRECTION 2: Student Access

Moorpark College will provide ready access to a college education for all members of the community it serves.

1. Review Strategic Direction 2 within the attached Annual Work Plan. Identify at least one metric within this strategic direction and indicate how your program has directly impacted it. What will your program do to continue this work in the future?
2. Analyze the past three years of disaggregated equity data (such as race/ethnicity, gender, age) for your program. What equity gaps exist in your departmental data? What strategies is your program using to close opportunity gaps and ensure that disproportionately impacted student populations are supported and successful in your program? How have/will you incorporate equity and social justice into your curriculum/services?
3. Analyze the past three years of data for different modalities (such as on-ground, online, hybrid, etc) for your program. What strategies is your program using to address any existing gaps between modalities?
4. What are one or two specific actions that your department has taken/will take as a result of your analysis of the SLO data?
