Information Literacy Resources to Import into Canvas

Canvas Commons is a learning object repository that enables educators to find, import, and share resources. The Moorpark College Library is working on creating tutorials to assist students in their research and information competency. Find out how to import tutorials to your Canvas Course.

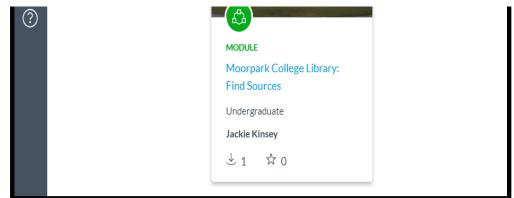

Step 1: On the global navigation bar, find the Canvas Commons button

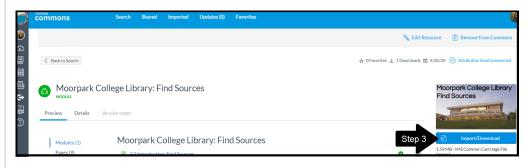

Step 2: Find the module you want for your course. To find the Library's modules, search for **Moorpark College Library** in the search bar.

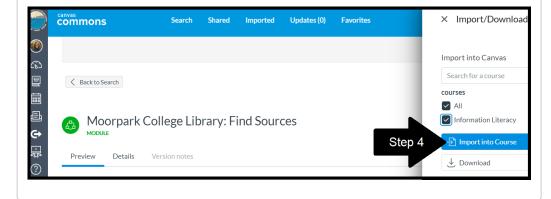

Canvas Resources - Embedding the Library in Canvas - LibGuides at Moorpark College Library

Step 3: Click on Import/Download to embed a module into your Canvas course

Step 4: Select the class you want to import the module in and click on **Import** into Course
