## A Definition of Ethics

---

Ethical behavior is often defined as "right or "good" behavior as measured against commonly accepted rules of conduct for a society or for a profession. The ethical person is often described in absolute terms as one who is fair, honest, straightforward, trustworthy, dispassionate and unprejudiced. If, however, one is inconsistently fair or honest, one loses credibility and is perceived to be unethical. The ethical person must be conspicuously consistent in the exercise of integrity to sustain the credibility that is an expectation of office.
