Thank you Jennifer! The Sheriff's Department loves training on our campus, this goes a long way to continue our great relationship with their department.

Andy

Subject: K9 Training

Good morning,

I was just contacted by the Moorpark Police Department (VCSO), requesting to use our abandoned

building that is south of the Campus Center and north of the CDC building. They would only need it for approximately 1 hour tomorrow (10/19/21) from 3pm-4pm.

If approved they would display signage indicating training is taking place inside the building, no training would take place outside. They would also assign a safety officer who would not be involved in the training to make sure no unauthorized individuals enter the building.

I know this is extremely short notice, please let me know your thoughts as soon as possible.

Thank you,

Lieutenant Andy Huisenga
