As an educational institution, the District and its colleges collect, process, and manipulate large amounts of data about students, personnel, and others. The District is committed to ensuring the highest level of privacy and security for these data sets in accordance with state and federal law and industry best practices. To that end, the Chancellor in consultation with faculty and staff shall establish local security procedures that meet or exceed the current California Community College Information Security Standard. The procedures shall include requirements for classifying all data sets by security level and shall apply the appropriate security protocols. Further, the District intends for employees charged with managing data sets of any level of confidentiality to adhere to District information security procedures and to complete regular training in said procedures.
