If there is time, I will bring up Petty Cash as an off agenda item. I would like to eliminate it, or determine when it makes sense versus Chrome River reimbursement.

Just an update, I'm having conversations on my campus about reducing the number of petty cash funds, increasing the use of CR in lieu of petty cash, etc.

Thank you, Emily, for sending the info below. It's super helpful to know exactly what's out there and how much is designated in each.

Thanks!

Subject: Petty Cash

Hi,

Just following up on our conversation last week on eliminating petty cash. I spoke with Lisa Smith about our current VC practices and potential changes. Since we have started with Chrome River, we are not using petty cash for reimbursements. Everyone is directed to Chrome River. We haven't gotten any complaints and it actually has made it easier since people aren't always on site to submit their receipts and pick up the cash. We are fine with eliminating petty cash or leaving it alone. If we keep it, we would like the amount allowed to be reimbursed reduced to \$50. We will use petty cash as a last resort and ask people to continue to submit reimbursements through Chrome River.

Thanks,
Cathy
