

# MOORPARK COLLEGE

*To our many Friends and Neighbors in College Canyon Estates,*

We hope you and your families are well during this prolonged Covid-19 quarantine. This is the first in a series of letters as we move into the Fall season together during a very challenging time.

As we're sure you are aware, our campus has been closed for on-ground classes since the second week of March. During that time we've enjoyed watching the community that surrounds our college utilizing our campus grounds for family walks and picnics.

While we hope you continue these activities, we'd like you to know that we are working with the Ventura County Public Health office to establish safety guidelines and best practices for bringing approximately 10% of our classes back on campus in the Fall semester that begins on August 17th 2020.

At Moorpark College we recognize there are a lot of challenges facing our community and we are proud to be a place for people to reevaluate, reconnect and get in more daily steps! We encourage you to turn off the computer and enjoy some time with your family or friends by walking or jogging along the perimeter of the campus. If you enjoy the view and the fresh air from Campus Park Drive, Campus Road, or Collins Drive, you can avoid the inconvenience of the Daily Screening Procedure for people who are coming onto the campus. In our ongoing commitment to your safety and well-being, please bring a mask with you and be prepared to participate in the Daily Screening Procedure if you intend to enter the campus itself. In order to ensure the safety of our community, students and staff, starting on the morning of August 10th, anyone entering the campus between the hours of 7:00 am and 7:00 pm will be screened. While we invite you to enjoy the beautiful exterior surroundings of our campus, ***we would ask that you wear a mask any time you are on our grounds*** and that you refrain from using any of our physical facilities while here. This will ensure that we can keep you, your families, our staff and our students safe.

***Good Neighbors Make Good Friends.*** Thank you for your understanding and cooperation.  
We're All In This Together!

Thank you,

*Dr. Julius Sokenu*

Julius Sokenu, Ed. D
