IEAC - Survey Calendar meeting. Dr. Buckley asked that we meet and put together a collective process that will lead toward an effective districtwide survey management strategy.

Ad-hoc group members: MC Dean Institutional Effectiveness, OC Dean of Institutional Effectiveness, VC Dean of Institutional Effectiveness, DAC Data Analyst

1. Developed Survey Calendar dashboard to monitor and manage districtwide surveys
2. Need to develop a districtwide strategy incorporating the Survey Calendar dashboard to help manage the process
3. Purpose: Develop a collective process that will lead toward an effective districtwide survey management strategy.

Meeting Notes and discussion:

1. Analysis - determine need of survey management and or controls
2. Determine scope - Should we manage surveys centrally (IEAC) or (DAC)? Why or why not.
3. Should surveys be managed at the IE level for each college? Why or why not?
 - a. Do we need policy or other types of controls? Too easy to use tools like survey monkey.
4. There are degrees to "manage". From at least let us know to providing permission. Many mentioned would like information like survey questions, population, results etc. The more of that type of information we want in a consistent and accurate format will require more "control".

Issues

- Sharing of students
 - Survey fatigue
 - Surveying on general interest (all campuses have stake) (coordinate?)
 - Times where coordination is helpful
 - When use nationally normed surveys? (Need to identify)
 - Summary – Coordinate surveys that serve all three colleges interest and develop a centralized location to store survey designs, populations etc. (Qualtrics could be used for this)
 - Need a way to identify notification process based on content
 - Courtesy notification between stakeholders regarding generally three college relevance. (Informal)
-
- Coordinate districtwide surveys
 - Do not attempt to coordinate ad-hoc surveys. Will just slow process
-
- Centralized surveys
 - National norm surveys

Summary of discussion and process execution moving forward

IEAC - Survey Calendar meeting. Dr. Buckley asked that we meet and put together a collective process that will lead toward an effective districtwide survey management strategy.

- The IEAC ad-hoc group met and discussed implementation of a VCCCD collective survey process
 - Scope – The VCCCD Collective Survey Process will be designed to coordinate two survey categories:
 1. Nationally norm surveys utilized by any of the VCCCD colleges
 2. Surveys developed locally that may impact, benefit or serve any of the three VCCCD colleges
 - Survey tracking tool – VCCCD Survey Calendar Dashboard
 - VCCCD “Official” Survey Tool for collective interest surveys will be Qualtrics
 1. All locally developed surveys determined to have central interest will be developed in Qualtrics. This will allow for survey structure, questions, methodology, results and populations to be tracked and reported on from a centralized location. This will also allow full access to the centralized surveys for the three colleges to reference on demand.
 2. DAC will develop a centralized Qualtrics location for the purpose of storing, tracking and memorializing surveys that serve multiple college interests.
 - Communication method for identifying and tracking relevant locally developed surveys - Informal (Deans will communicate via professional courtesy regarding the need or relevance of locally developed / requested surveys to the three colleges and DAC)
 - When locally developed surveys are identified to have collective interest, the VCCCD Survey Calendar Dashboard “Survey Entry Form” will be submitted to DAC I.E. via college I.E. department.
 - DAC I.E. will post submitted surveys on VCCCD Survey Calendar Dashboard
 - Monthly IEAC verbal report by each college I.E. Dean regarding current “known” surveys deployed by college. Redundancy for communication and to ensure survey relevance
 - DAC IEAC Survey Calendar review (as needed to review current and historic surveys visually)

Next steps

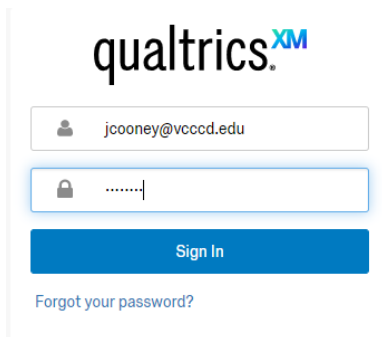

1. Provide current list of surveys entered on VCCCD Survey Calendar Dashboard and review at next IEAC
2. Determine if any more surveys should be included
3. Enter any additional surveys
4. Develop VCCCD Centralized Qualtrics location to store districtwide surveys and ancillary information.
5. Dean’s Monthly IEAC survey report (verbal at IEAC meetings)
6. DAC IEAC Survey Calendar review (verbal and / or demonstration of current survey conditions as needed at IEAC meetings)

Email Invitation

SUBJECT LINE: We want to hear from you! Complete the statewide *Transfer Experiences in the Wake of COVID-19* Survey

Greetings!

We want to hear from you! We are inviting you to complete an online survey to gather information about students' experiences navigating transfer during the pandemic. This survey asks about your current and future transfer plans, challenges you are encountering in the transfer process, your awareness and access to transfer-related resources and information, and your demographics.

The survey is being administered by the Research and Planning Group for California Community Colleges (The RP Group) and will take approximately 10 minutes to complete.

Students who complete the survey and provide their contact information at the end will be **eligible for 1 of 10, \$100 Amazon gift cards.**

The survey results will be aggregated across students and used both statewide and by individual colleges to better support students both now and throughout the next year. Your responses to this survey are confidential. Your survey responses will be shared with your college and we will take necessary precautions to ensure your confidentiality is maintained. Your student ID will be asked at the end of the survey and is optional. If you do provide your student ID, that will allow us to connect more of our institutional data to your responses and improve the potential to better customize what we learn to our students and better inform transfer practices and processes to support you and other students in these difficult times.

CCC Students' Transfer Experiences in the Wake of COVID-19

INTRODUCTION

Page description:

The purpose of this survey is to gather information about students' experiences navigating transfer during the pandemic. This survey asks about your current and future transfer plans, challenges you are encountering in the transfer process, your awareness and access to transfer-related resources and information, and your demographics. The survey will take approximately 10 minutes to complete.

Students who complete the survey and provide their contact information at the end will be eligible for 1 of 10, \$100 Amazon gift cards.

Confidentiality. Your responses to this survey are confidential. Your survey responses will be shared with your college and we will take necessary precautions to ensure your confidentiality is maintained.

Voluntary. This survey is completely voluntary. You do not have to participate and no one will know if you do or do not. If you do not want to answer a specific question, you may skip it (but your perspective is important to us, so we hope you will answer as many questions as you can). You may discontinue your participation at any time without penalty.

Benefits. Your participation in this survey will help us understand how students like you are experiencing transfer during this pandemic and help inform local and state efforts to improve transfer practices and policies.

Risks. There are no foreseeable risks associated with your participation in this survey.

Questions. If you would like more information about this survey, you may contact Dr. Katie Brohawn at kbrohawn@rpgroup.org.

ISSUES IMPACTING YOUR TRANSFER

Page description:

A prior survey of over 800 California community college students who were close to transfer identified that four major issues impact students' transfer journey:

We would like to know how much these factors impact your transfer experience, especially during COVID.

14. To what degree was the following a challenge for you BEFORE THE PANDEMIC:

Very challenging Moderately challenging Slightly challenging Not at all challenging

University affordability - Knowing what it will cost to attend university, having enough money to pay for it, and receiving adequate financial assistance

School-life balance - Being able to juggle my numerous work and/or family responsibilities with school

Pathway navigation - Knowing what steps are required to transfer and when I need to complete specific milestones

Support network - Getting enough help and encouragement during my transfer process, including from family and friends, people at my community college, and/or representatives from my university of choice

15. Please share any other transfer-related challenge(s) not covered above that you experienced BEFORE THE PANDEMIC.

16. To what degree has the following been a challenge for you DURING THIS TIME:

Very challenging Moderately challenging Slightly challenging Not at all challenging

University affordability - Knowing what it will cost to attend university, having enough money to pay for it, and receiving adequate financial assistance

School-life balance - Being able to juggle my numerous work and/or family responsibilities with school

YOUR DEMOGRAPHICS

Page description:

This next set of questions asks you about your demographic characteristics. While optional, providing this information is incredibly valuable for two main reasons. First, it allows us to determine whether those who respond to the survey are representative of the population being studied to determine whether the survey results can be generalized to this larger population. Second, it allows us to examine whether there are differences in survey responses across groups to better identify opportunities and make recommendations for improving the experiences of those groups.
