Classroom Discussion

Projects

Participation

Reports/Papers/Journals

### Other

Video documentation of curriculum projects incorporating aspects of the complete planning cycle such as observation, planning, implementation, and evaluation/documentation.

## Instructional Methodology

### Specify the methods of instruction that may be employed in this course

Audio-visual presentations  
 Case studies  
 Class activities  
 Class discussions  
 Collaborative group work  
 Computer-aided presentations  
 Demonstrations  
 Distance Education  
 Field trips  
 Group discussions  
 Guest speakers  
 Instructor-guided interpretation and analysis  
 Instructor-guided use of technology  
 Internet research  
 Large group activities  
 Lecture  
 Modeling  
 Observation  
 Problem-solving examples  
 Readings  
 Role-playing  
 Small group activities  
 Web-based presentations  
 Other (specify)

### Specify other method of instruction

Video observation and analysis of a History/Social Science curriculum experience

### Describe specific examples of the methods the instructor will use:

Instructor will use PowerPoint presentation, short videos, group activity, and classroom demonstration to explain course content.  
 Instructor will bring students into the Child Development Center to conduct observations.

## Representative Course Assignments

### Writing Assignments

- Write a summary of appropriate background information pertinent to a given history/social science concept.
- Write an evaluation of an observed history/social studies activity.
- Write curriculum plans based upon criteria established in the California Preschool Curriculum Framework.

### Critical Thinking Assignments

- Develop and evaluate history/social science activity plans incorporating developmentally, culturally and linguistically appropriate practices.
- Evaluate early childhood history/social science curriculum based on state and national standards.
- Apply knowledge of the social studies strands to select materials and plan meaningful experiences for the classroom to promote children's awareness of themselves as members of a society.

### Reading Assignments

- Read a current Child Development journal article pertaining to course topics such as the cultural experiences of children's families and communities.
- Read a current news article pertaining to course topics such as the cultural experiences of children's families and communities.

### Skills Demonstrations

- Role-play a conversation between a teacher and a child's caregiver(s).
- Role-play a conversation between a teacher and an administrator.
- Present analysis of a current news article on a course topic to the class.
- Present analysis of a current Child Development journal article on history and social science in early childhood education.

## Outside Assignments

### Representative Outside Assignments

- Observe of a classroom teacher facilitating a history/social science activity.
- Research topics pertinent to social science curriculum such as culture and diversity.
- Develop lesson plans and history/social science activities.

**Faculty Certifications**

Faculty assigned to teach Hybrid or Fully Online sections of this course will receive training in how to satisfy the Federal and state regulations governing regular effective/substantive contact for distance education. The training will include common elements in the district-supported learning management system (LMS), online teaching methods, regular effective/substantive contact, and best practices.

Yes

Faculty assigned to teach Hybrid or Fully Online sections of this course will meet with the EAC Alternate Media Specialist to ensure that the course content meets the required Federal and state accessibility standards for access by students with disabilities. Common areas for discussion include accessibility of PDF files, images, captioning of videos, Power Point presentations, math and scientific notation, and ensuring the use of style mark-up in Word documents.

Yes

## Regular Effective/Substantive Contact

Hybrid (1%–50% online) Modality:

Method of Instruction	Document typical activities or assignments for each method of instruction
Asynchronous Dialog (e.g., discussion board)	Regular use of asynchronous discussion boards encourages various types of interaction and critical thinking skills among all course participants. Questions and topics posed will allow students to discuss, compare and contrast, identify, and analyze elements of the course outcomes. Other discussion boards may be used for Q&A and general class discussion by students and the instructor to facilitate student success and strengthen student learning outcomes.
E-mail	E-mail, class announcements, and various learning management system tools such as “Message Students Who” and “Assignment Comments”, will be used to regularly communicate with all students on matters such as clarification of class content, reminders of upcoming assignments and/or course responsibilities, to provide prompt feedback to students on coursework to facilitate student learning outcomes, or to increase the role of an individual educator in the academic lives of a student. Students will be given multiple ways to email the instructor through both the learning management system inbox and faculty provided email account.
Face to Face (by student request; cannot be required)	The instructor may hold weekly, scheduled office hours for students to be able to meet and discuss course materials or individual progress. Students can request additional in-person or web conferencing meetings with the instructor as needed. Faculty may encourage online students to form “study groups” in person or online. Note: For hybrid classes, face-to-face class time will provide opportunities for students to discuss amongst themselves (in groups or pairs) and ask questions about the material to facilitate SLOs and course outcomes.
Other DE (e.g., recorded lectures)	Faculty may use a variety of ADA compliant tools and media integrated within the learning management system to help students reach SLO competency. Tools may include: Recorded Lectures, Narrated Slides, Screencasts, Instructor created content, MC Online Library Resources, Canvas Peer Review Tool, Canvas Student Groups (Assignments, Discussions), Websites and Blogs, Multimedia (YouTube, Films on Demand, 3CMedia, Khan Academy, etc.)
Synchronous Dialog (e.g., online chat)	Instructor may provide a set time each week to be available for synchronous chat and be available in the discussion board to answer questions in live time.
Telephone	Instructor may provide a phone number for the students where they can leave a voicemail and expect a call back within 24 hours.
Video Conferencing	Video tools such as Zoom can be used to provide live synchronous or asynchronous sessions with students. ADA compliance will be upheld with Closed Captioning during the session or of the recorded session. Video Conferences will be used to facilitate SLOs and student-to-student group meetings will also be encouraged.
