

Pearl Spaho

Director of Student Services

What is your major, and what year are you in at MC?

I am currently in my second year at Moorpark and I am majoring in Economics!

What types of questions can students come to ask you about?

Students can come to me for questions about all our amazing Student Services to learn about our different programs and what we have to offer! Students can also ask me about ID cards and information surrounding their benefits and how to obtain one.

What are you most looking forward to while serving on ASMC?

What I am looking forward to the most while serving on ASMC is planning events that promote equity for students and disproportionately impacted groups at the College. Having events like these allow the fostering of inclusivity and I think they will be a great experience for all students on campus.

What is your favorite place or spot on campus?

My favorite spot on campus is the Campus Center. The Campus Center is where I go if I need to get work done, find resources I need, or just to talk with friends and de-stress!

What do you love most about MC?

What I love most about Moorpark is that it is easy to get involved on campus. Whether its clubs, on campus jobs, or even student government, I find it very important and rewarding to be involved on campus. During the time I have spent in ASMC, I have made some amazing connections and friends. I wouldn't have it any other way and I am glad I have done so.

Are you involved in anything at MC?

Currently I am involved in the Business Students Association as well as Environmental Club. I also serve on the Student Equity and Achievement committee as well as the Student Services Council.

Any fun facts or hobbies you would like students to know about you outside of your ASMC involvement?

I really love to be outdoors and engage in any activity that involves being outside. I love to surf, hike, play basketball, and travel! I also enjoy making new friends and spending time with people, so don't hesitate to reach out!
