

# Sage Tollefson

## Director of Academic Affairs

### **What is your major, and what year are you in at MC?**

I am currently a sociology major and am going into my third year.

### **What types of questions can students come to ask you about?**

Students can come and ask questions about our ASMC scholarships, upcoming events and fieldtrips, when our next meeting is, what the latest updates in Curriculum Committee and Academic Senate are and how to get involved in ASMC.

### **What are you most looking forward to while serving on ASMC?**

While serving on ASMC, I am most looking forward to creating more community within our school on campus through various food truck events and hosting cultural fieldtrips, implementing the ASMC scholarship committee and rewarding scholarships to students, highlighting the arts department through a commissioned art program or event and advocating for students in Academic Senate as well as on the Curriculum Committee.

### **What is your favorite place or spot on campus?**

My favorite spot on campus is the Student Activities office. I love talking to other students in the common area or coming here to get some homework and studying done after class.

### **What do you love most about MC?**

I love Moorpark because the administrators embody a "students first" mindset where students feel supported but are also pushed to achieve. While the student body is kind and driven, helping to further foster a motivating environment. Additionally, Moorpark's student resources, such as an extensive library, food pantry, and various health services, all help to further ensure academic and personal success.

### **Are you involved in anything at MC?**

Besides ASMC, I am involved in the Honors Club, Honors Program, and Film Club, and I am going to be joining the President's Student Leadership Forum in fall.

### **Any fun facts or hobbies you would like students to know about you outside of your ASMC involvement?**

My favorite things to do outside of ASMC include hiking, getting together with friends, baking, and photography. A fun fact about me is that I share the same birthday with the Rock.
