

Sean Roskopf

Associated Student Body President

What is your major, and what year are you in at MC?

I am currently a political science major in my second year at Moorpark College.

What types of questions can students come to ask you about?

Though I'd be happy to try and answer any questions students may have, my role in ASMC is primarily as a liaison between students and faculty. If students have any questions or concerns regarding things going on within our community then I'm someone they can come to for answers.

What are you most looking forward to while serving on ASMC?

First and foremost, I'm looking forward to getting the opportunity to give back to a community that has already been such a gift in my life. I'm excited to represent our student body and am hopeful that I will be able to make any changes our community wishes to see at Moorpark College a reality.

What is your favorite place or spot on campus?

My favorite place on campus is the blue chair on the first floor of the library. I think it's a fantastic study spot!

What do you love most about MC?

I love seeing just how many doors Moorpark College opens for its students. People from all walks of life have come to Moorpark College to continue their educational journeys and have been met with open arms by our community here on campus.

Are you involved in anything at MC?

Though ASMC is currently the only on-campus activity I am involved in at Moorpark College I am always looking for interesting new activities to be a part of. I hope that during my time in office I will be able to get a glimpse of many of the different clubs, teams, and groups that exist at Moorpark!

Any fun facts or hobbies you would like students to know about you outside of your ASMC involvement?

I like to spend much of my free time outside and so many of my hobbies take place outdoors. Basketball, soccer, hiking and gardening are probably my biggest hobbies at the moment, as I currently play in a recreational basketball league, attend local pick-up soccer games, (try to) hike on the weekends and volunteer at a local garden in Thousand Oaks.
