

Sophia Kast

Director of Sustainability

What is your major, and what year are you in at MC?

Environmental Science, second year.

What types of questions can students come to ask you about?

As Director of Sustainability, I work on environmental issues, specifically the sustainability initiatives at Moorpark College. Other than that, I'm always willing to hear someone out and try to answer their question or point them in the direction of someone who can.

What are you most looking forward to while serving on ASMC?

I'm excited to be in a position that requires me to use knowledge I've learned in my studies and be more hands-on on campus.

What is your favorite place or spot on campus?

The performing arts building.

What do you love most about MC?

The people.

Are you involved in anything at MC?

I've helped with production of some of the theater shows, including Electricidad and Cabaret, but I'm not currently in a class for that.

Any fun facts or hobbies you would like students to know about you outside of your ASMC involvement?

I like to bake, paint, and go camping. I'm also currently learning how to crochet.
