RETENTION

The Retention outcome threshold set by the CoAEMSP is 70% and based on the Retention/Attrition formula. All programs must calculate Retention based upon the number of students enrolled after completing 10% of the program's advertised TOTAL clock hours (e.g., 10% of 1,200 total clock hours = 120 hours; students completing more than 120 hours will be considered enrolled and will be counted in the calculation of the Retention outcome). This includes all CORE Paramedic coursework (not inclusive of prerequisites such as English, anatomy and physiology, EMT, etc.). Core Paramedic coursework encompasses all phases of the program including didactic, lab, clinical, field experience, and capstone field internship.

Retention will be computed using the total number of students that completed in the most recent reporting year (2023) and is calculated by determining Attrition (the number of students who dropped out divided by the number enrolled after 10% of total clock hours). Once the Attrition percentage has been determined, then the Retention percentage is 100% minus the Attrition percentage.

Retention Threshold 70%	Cohort #1:								No Satellites	Reporting Year Totals
Enrollment Date mm/dd/yyyy =>	4/17/2023									
On-time Graduation Date mm/dd/yyyy =>	12/19/2023									
Number enrolled after 10% of total clock hours	12									12
Academic Reasons for Attrition (after 10% completion):										
*(answer required for each academic category or results will not calculate.)										
*Number dismissed due to grades	1									1
*Number withdrew due to grades	0									0
*Number due to other academic	0									0
Subtotal # Academic Attrition Reasons	1									1
Non-academic Reasons for Attrition (after 10% completion):										
*(answer required for each non-academic category or results will not calculate)										
*Number due to financial	0									0
*Number due to medical/personal	1									1
*Number due to other/unknown	1									1
Subtotal # Non-academic Attrition Reasons	2									2
Total Attrition 2023	3									3
Total Graduates 2023	9									9
Attrition %	25.0%									25.0%
Retention %	75.0%									75.0%

The outcome threshold of 70% has been met.

Please complete the next table below.

(For informational purposes only to check for accuracy)

Manually Calculate Attrition/Retention Results:

$$\text{Attrition} = \frac{\text{Total \# of Academic Reasons} + \text{Non-academic Reasons}}{\text{Number enrolled after 10\% of total clock hours}}$$

$$\text{Retention} = 100\% - \text{Attrition}$$

Are results being reported for both the National Registry & State Written Examinations?

Yes

NATIONAL REGISTRY / STATE WRITTEN EXAMINATION

The Written Examination (National Registry/State) outcome threshold set by the CoAEMSP is 70%. The success of any examination results will be computed using the most recent reporting year (2023) based on the total number of graduates attempting the examination. Each graduate should be reported only once.

National Registry / State Written Threshold 70%	Cohort #1:								No Satellites	Reporting Year Totals
Enrollment Date	4/17/2023									
On-time Graduation Date	12/19/2023									
Total Graduates in Reporting Year *(answer required for each category below) see definitions by hovering over any of the red comment triangle(s)										
	9									9
*Number of Graduates Attempting the National Registry or State Written Examination	9									9
*Number passing - First attempt (Informational Only)	8									8
*Number passing - 3rd attempt cumulative pass rate (First + Second + Third Attempts)	8									8
Total Passing in 2023	8									8
National Registry / State Written Pass Rate Success	88.9%									88.9%

The outcome threshold of 70% has been met.
Please complete the next table below.

(For informational purposes only to check for accuracy)
Manually Calculate NREMT/State Written Examination Results:

NREMT Pass Rate Success = $\frac{\text{3rd attempt cumulative}}{\text{\# of total graduates attempting the written examination}}$

POSITIVE PLACEMENT

The Positive Placement outcome threshold set by the CoAEMSP is 70%. Positive Placement means that the graduate is employed full or part-time or volunteers in the profession or in a related field; or is continuing his/her education; or is serving in the military. A related field is one in which the individual is using cognitive, psychomotor, and affective competencies acquired in the Paramedic educational program.

Positive Placement Threshold 70%	Cohort #1:								No Satellites	Reporting Year Totals
Enrollment Date	4/17/2023									
On-time Graduation Date	12/19/2023									
Total Graduates in Reporting Year *(answer required for each placement category)		9								9
*Number of Graduates employed	7									7
*Number of Graduates continuing education or serving in the military in lieu of employment	1									1
Total Positive Placement in 2023	8									8
Positive Placement	88.9%									88.9%

**The outcome threshold of 70% has been met.
Please complete the next table below.**

(For informational purposes only to check for accuracy)

Manually Calculate Positive Placement Results:

$$\text{Positive Placement} = \frac{\text{\# of graduates employed} + \text{\# of graduates continuing ed/serving in the military but NOT employed}}{\text{Total Graduates}}$$

GRADUATE SURVEYS

For each group of graduating students, programs are required to conduct surveys intended for graduates who are employed and have been functioning as a Paramedic and their employers within 6-12 months after graduation using the CoAEMSP required graduate survey items.

	Reporting Year Totals
Total Graduates in Reporting Year	9
Total Number of Graduate Surveys Sent (answer required for this category)	8
Total Number of Graduate Surveys Received (answer required for this category)	0

REQUIRED: A detailed ANALYSIS for Graduate Surveys in the box below

CoAEMSP Graduate Surveys sent to each graduate via college email with follow up requests via Canvas. Zero surveys received for program, but survey results received for Program Director/Lead Faculty John Everlove. Students only have access to college email while enrolled in college courses. Unknown if students continue enrollment after paramedic program completion. Other methods of soliciting program evaluation from students were utilized, during and after paramedic program enrollment. During didactic and field internship, students were invited to provide course evaluations. After program completion, students were invited to participate in the Paramedic Advisory Program meeting. On 10/20/2024 PAC met at Moorpark College. From the faculty survey:

22. You are encouraged to comment further on the effectiveness of the instructor.: John Everlove
 • I can confidently say that professor Everlove has been instrumental in building not only my knowledge in pre-hospital paramedic level care to this point but also in instilling critical thinking. Being apart of class one certainly came with it's challenges but professor Everlove truly allowed for a relatively seamless semester and was a fantastic instructor who was not only very passionate about the materials he instructed but was very thorough as well. Transitioning into the out of classroom based learning was also relatively seamless with clear expectations laid out prior to day one and there was always a clear link of communication and support available regardless if I was in the hospital or field.

REQUIRED: A detailed ACTION PLAN for Graduate Surveys in the box below

Will investigate additional methods for dissemination of CoAEMSP graduate surveys within college policies and at the end of each section of the Paramedic Studies Program.

Completion of the analysis and action plan boxes above are required.

EMPLOYER SURVEYS

For each group of graduating students, programs are required to conduct surveys intended for graduates who are employed and have been functioning as a Paramedic and their employers within 6-12 months after graduation using the CoAEMSP required employer survey items.

Total Positive Placement in 2023	8
Total Number of Surveys Sent to Employers of Graduates (answer required for this category)	8
Total Number of Surveys Returned from Employers of Graduates (answer required for this category)	0

REQUIRED: A detailed ANALYSIS for Employer Surveys in the box below

CoAEMSP Employer Surveys sent to each employer agency. Zero surveys received. Other methods of soliciting program evaluation from employers were utilized, during and after paramedic program enrollment. During field internship, employers were invited to provide course evaluations. After program completion, employers were invited to participate in the Paramedic Advisory Program meeting.

REQUIRED: A detailed ACTION PLAN for Employer Surveys in the box below

Will investigate additional methods for dissemination of CoAEMSP employer surveys within college policies. Meeting with employers to emphasize importance of survey feedback. All PM completers received employment as a paramedic quickly following course completion representing employer demand and support of graduates from Moorpark College.

RESOURCE ASSESSMENT

Programs (CoAEMSP LoR & CAAHEP accredited) must conduct Resource Assessment at least annually (Standard IIID) and are required to complete a Resource Assessment Matrix (RAM) which includes ten (10) categories [Faculty, Medical Director, Support Personnel, Curriculum, Financial Resources, Facilities, Clinical Resources, Field Internship Resources, Learning Resources, and Physician Interaction]. If programs have identified deficiencies in resources, an action plan and follow up are required to address those deficiencies. The Advisory Committee should be involved in both assessing the resources and reviewing the result. All resource assessment documents (i.e. student and personnel surveys, matrix, and data collection spreadsheet) are located in the Resource Assessment section on the Resource Library page of the CoAEMSP website.
